SUNSHINE CAMP

'71

Arriving at Sunshine Camp early Sunday morning, July 25, ten present and former L.H.S. students rolled into camp to locate their bunks. After turning over mattresses, choosing positions for bunks, cleaning cobwebs from various locations, and sweeping the floor, the staff was ready for the campers.

Mr. Wilson was hurriedly setting up his water system and watching David, his son. He registered the campers as they arrived at various times Sunday afternoon. The T-shirts were handed out after registration.

Monday we started the schedule and so did the kids. Sometimes the schedules conflicted, but the staff used their persuasive talents to win over the campers. We had recreation, health, swimming, and crafts. Of course, horizontal hour was the favorite of both staff and campers. Do I need to say why? Sometimes it rained and we resorted to bingo followed by bingo and then a movie.

Friday night was one experience. The Indians came to scare the campers and they succeeded. If screaming was heard around Lakeview July 30th, you now have the mystery solved.

The ex-students and present students of L.H.S. who attended were Jackie Bennett, Jackie Drain, Sue

CALENDAR	
Sept 9-15	
Thurs. Sept. 9	- FHA meet after school in room 305
Fri. Sept. 10	- scrimmage at 7:00
Sat. Sept. 11	- band goes to Potato Festival parade in Edmore
Mon. Sept. 13	- Golf with Montabella, away
Wed. Sept. 15	- GAA meet 7:00 - 8:30

KATI

Says "Hi!"

Jackie Bennett went traveling this summer. She left Detroit airport Aug. 9 bound for Helsinki, Fin. She was met by Kati Hemmi, her Finnish sister, who lived with her in 69-70 as a foreign exchange student. They traveled around Finland and saw the sights of the country. On the 27th of August she bade farewell to Kati and Finland to travel to Paris to spend four days with her sister, Kris. Jackie then boarded a plane for Detroit via New York.

Her comment on the trip: "Sure is nice to be back where you can understand everybody."

JANNEAN Warner

in the Philippines

Mabui (Hello) is the greeting that Jannean Warner brings to us from her Philippino friends. Jannean started her eight week Youth For Understanding trip on June 24, when she boarded a Pan American Jet in Detroit. Her destination was Manila in the Philippine Islands.

For the next two months, Jannean's home was to be in the metropolis of Quezon City. Jannean stayed with two different families. She made her first home with Mr. and Mrs. Edmund Ledesma and their eight children. She also lived with the six member family of Mr. and Mrs. de Leon.

The climate, called baguio, is much like the climate of Michigan. She found little trouble adjusting to the weather.

During one week of her visit, Jannean attended and observed five different schools. She found the schools to be private and not co-educational.

Jannean saw many interesting sites. One of these places was a large, beautiful waterfall. She also found herself the object of much attention.

can't pg. 3 col. 2

EDITORIAL:

As I walked through the halls, I noticed many new faces. I'm sure most of us have had the experience of entering a new school, knowing the fear, frustration, and occasional homesickness. Don't be afraid to make new friends, or to smile to those you don't recognize. Welcome to our school, you attend L.H.S. too! I'd like to encourage all of you to get involved in the school's activities; it can be rewarding and fun. And if you try, you can make new friends. After all- isn't that what school is all about??

THE WILDCAT CHRONICLE WELCOMES
POEMS, EDITORIALS, ETC., FROM THE
READER. SUGGESTIONS ARE ALSO
APPRECIATED.

Editorial #2

Is Everybody
Happy?

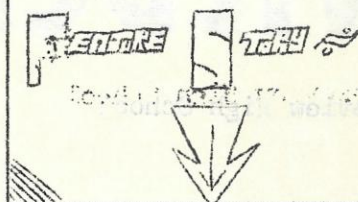

As a member of the student body and of the paper staff, I have been mingling around asking one particular question. "Are you satisfied with your schedule more so than last year?" The majority replied yes.

Students replied that last year they wanted certain classes but were unable to get into them. They said this year with more classes being offered it has given them a larger choice. An example of this are the number of English classes available to you.

I wish to extend my thanks, to whom ever is responsible for the many subjects offered.

In my opinion the majority of the Lakeview High School students seem to be pleased with their schedules.

One

LESSON IN ENGLISH

Since it is obvious that there may be a bit of confusion amongst the students who are taking the new specialized English classes (not to be misconstrued with the word English), it should be the position of this journal to set those poor devils straight.

The basis of English is the word. Word has four letters (from a very illustrious sports career) making it a four-letter word. It also contains one syllapel. A syllapel in English is a type of collar worn on coats during a football game.

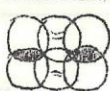

Words make up sentences and sentences make up paragraphs and paragraphs make up pages and pages make up stories. So if you ever read a story, you'll now know that it was made up by a page. And you thought pages only fiddled around at knights.

Now, words are used in various insundry fashions (or various insaturday fashions, whatever day it is.) To start things off, there is alliteration. Alliteration is when everyone throws his junk out the car window and before you know it, we have alliteration.

Next to alliteration, we have a metaphor. Nobody is quite sure what a metaphor is, but it has been defined as a cross between an aardvark and an orange.

con't. on page 3 col. 3

SPORTS

FOOTBALL

Football conditioning started August 23 with about fourteen men participating.

Regular practices began Monday, August 30 with eight to ten new players being added.

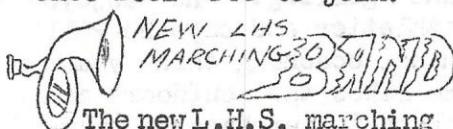

This year's team has nine returning lettermen. Returning for their third year of Varsity Football are John Garcia and Mike Lindsey. One year lettermen are Bob Guthrie, Dick Guthrie, Mark Olsen, Matt Marshall, Bob Waite, Brian Moser and Guy Newell. The remainder of the team is composed of Dave Andresen, Marty Marshall, Curt Dishong, Eldon Young, Ron Waite, Hershall Jensen, Raul Monrreal, Marty Moralez, Mickey Helms, Pat Hillman, and Craig Brown.

CROSS COUNTRY

The Lakeview Cross-Country team, coached by Mr. Skorka, has 13 runners. These men have been working hard, running about 5 miles a day. The team went on a camping trip last weekend, leaving the school on Friday at 4:00 and returning Monday at 2:00. They went to Ludington State Park. They ran and had fun swimming and body-surfing in the waves in Lake Michigan. It was said that the bridge was the place to be. The Senior runners this year are Jon Comden, Charles Chapin, Bob Rossman, and Wendall Martin.

Math & Science Club to Meet

The Math-Science Club will have its first meeting next Tuesday noon, Sept. 14, in Mr. Boerma's room. The first topic of discussion will be the use of slide rules. The club is in need of new members, so if you have any interest in science feel free to join.

The new L.H.S. marching band will be marching in their first parade of 1971-72. They will be participating in the Potato Festival in Edmore on Saturday, September 11 at 2 p.m.

The band this year will be under the direction of Mr. Powell. The new drum majorette is Genny Towne. The band will have another new feature. There will be a total of eight majorettes leading the band.

JANNEAN WARNER (cont. from Pg 1 col 3)
when her "mother" took her to the open market. The people are not used to seeing white-skinned, blonde Americans.

As in America, Jannean observed that traffic was a problem. Almost all of the transportation is public, and many people ride in jeep-like vehicles.

The biggest differences in life that our LHS student noticed were the cleanliness conditions and the foods. Her taste buds told her that the food was highly spiced and rather unappetizing. However, she liked cooked snails very much, and who knows? Maybe she will serve them at her next party!

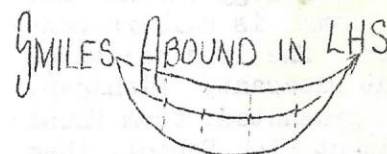

FEATURE STORY cont. from 2

Naturally, every major newspaper has a token aardvark and we all know that a token aardvark is one that has been stolen. But if you happen to have a token aardvark, you should let it run free and have as many wives as it wishes. Now you say, "That's bigamy!" Of course it's bigamy....and it's big of all of us too!

This brings us up to maxims. There are all sorts of maxims: Moral maxims, big maxims, mini-maxims, and coffee maxims. And don't forget the old saying, "The moral maxims the better."

Now that you have all this info, you can easily have a head start on anyone else in your English class.

I would like to thank all my associates in the varied English classes of the US for all their kind assistance: Mr. B. Err-Gin

On September 8th the National School Studios met at L.H.S. It was the lucky day for all.

The packages will include 1-8x10, 2-3x5, 16 wallet size, and 1-ID card. The price was three dollars, and was paid before the pictures were taken.

All 9, 10, 11, grade students had their pictures taken at a set time.

You looked your best during the day, and when the guy said "Cheese," you showed your bright white teeth.

Our new Principal: Mr. Ford

LHS has a new principal this year. His name is James Edward Ford and he is from Livonia. This is his first year as an administrator; however, he has been in the field of education for fourteen years. Nine of these years were spent in Livonia where he taught in junior high. He went from there to Akron-Fairgrove where he spent one year teaching in high school, then moved back to Livonia where he taught for four years in the high school there. Among his duties were teaching math and physical education and coaching football and basketball.

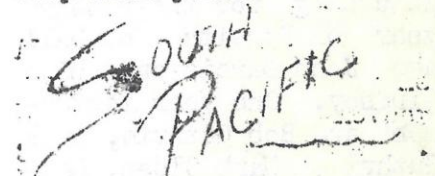

Mr. Ford graduated from high school in Livonia. He attended Alma College for his undergraduate work and the University of Michigan for most of his graduate work.

Some of Mr. Ford's hobbies are fishing, bowling, and golfing. He enjoys athletics and says he will miss coaching this year. He likes the outdoors and plans to purchase a snowmobile in the near future.

Mr. Ford lives it here at Lakeview, both the community and the students. He and his wife have three children, two in the middle school and one in the elementary.

cont. pg. 1 col. 1

Molitor, Connie Carrick, Sue Schnick, Penny Gummer, Marcia Frandsen, Kathy Schreiber, Mike Lindsey, and Al Guifoyle. I'm sure they agree that the learning experiences were many for everyone and a week spent to helping others while helping themselves. We suggest you send in an application for Sunshine Camp next year.

This summer, August 26, 27, and 28, the Lakeview Operetta Company did its 15th Operetta in 12 years. The show was South Pacific and a cast of little over 20 people.

The major leads were: Emile deBeque, Mark Jordan; Nellie Forbush, Lisa Hansen; Luther Billis, Art Hersey; Bloody Mary, Paula Carpenter; Liat, Patty Hafey; Lt. Cable, Al Caswell; Stewpot, Willie Stevens; Student Assistant, Kathy Johnson.

Mark Jordan, Art Hersey, Al Caswell and Kathy Johnson are alumni that came back to be in another great Lakeview Operetta. Mr. Coon, Mr. Hansen, the Orchestra, and cast worked as a team for 3 HARD weeks to produce South Pacific a very POSSIBLE impossibility.

Miss Randolph

Many of you have been wondering who the new French and Psychology teacher is. Her name is Barbara Randolph. She is a native of Mount Pleasant, Michigan. She graduated from Mount Pleasant High School, then went on to Michigan State where she majored in French and minored in psychology. Miss Randolph loves to travel. She has been to Europe, the Midwest, Hawaii, and Canada. Miss Randolph says she is very impressed with our school. Let's all make her feel at home.

SENIOR
PICTURES
TAKEN

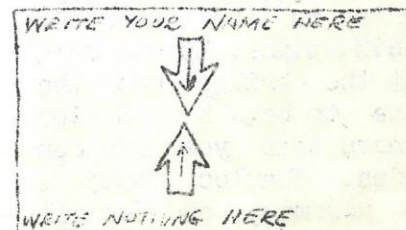

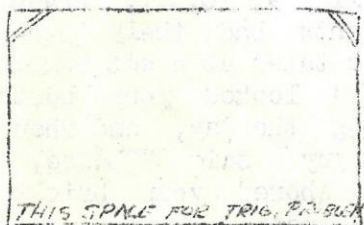

On August 16, 17, and 18, the Powell Studios were here at the high school to take the 1971-72 Senior pictures.

Then on September 1, the Seniors ordered their pictures, which will arrive at the school sometime before Christmas. The Seniors will be waiting anxiously to receive their pictures.

About a week later, the proofs came to the Seniors through the mail.

Anyone having band instruments to sell please contact Miss Jones or Mr. Powell.

COLLEGE NIGHT

College night will be held at Montcalm Community College, October 5, at 7:30-8:50. Representatives of various colleges will be available to meet with all seniors and juniors. They will inform you of the credits you need, cost, and answer any questions you may have pertaining to a college life. More information is now available in the U.S. History room and the Government rooms.

Mrs.  SOMERVILLE

Lakeview's new Art and Spanish teacher this year is Mrs. Carol Somerville.

Mrs. Somerville was born in Bay City, Michigan. Her high school years were spent at Waterford High in Pontiac. She attended her first year of college at CMU, her sophomore year at Oakland Community College, and went back up to Central for her junior and senior years.

When asked about our school Mrs. Somerville said, "I am very happy with and impressed with what I've seen."

In her spare time Mrs. Somerville likes to paint acrylics and do print making. She also enjoys cooking, motorcycling, and snowmobiling.

Calendar Sept. 16 to Sept. 22

Thur. Sept. 16 - Cross Country with Greenville (CM), away 4:15
 Fri. Sept. 17 - Varsity FB Greenville, away 7:30
 Pep Assembly 2:40, gym
 Sat. Sept. 18 - LEA Dinner in cafetorium 6:30
 Mon. Sept. 20 - Golf with Portland, away
 Tue. Sept. 21 - Cross Country with Central Montcalm, here 4:50
 Wed. Sept. 22 - GAA, 7:00-8:30

MATH-SCIENCE CLUB

The Math and Science Club held its first regular meeting on Tuesday, September 14th, at 12:30 in Mr. Boerma's room. The topic of the meeting was the use of the slide rule. After Mr. Boerma loaned each member a slide rule to use, he turned the meeting over to Ruben Solis. Ruben then showed the club how to multiply and divide on the slide rule.

The club is still in need of new members, so if you are interested come to the next meeting.

STUDENT COUNCIL MEETS

On Thursday, September 2, Student Council met for the first time this year with our new principal, Mr. Ford. They discussed subjects including more assemblies the student body would enjoy—rock bands, movies, or anything else of interest to the students. The Student representatives are here for your suggestions, and to take your problems to the principal. Let's all work together with our Student Council for the most active and best year of all!

Mr. Wales

William F. Wales Jr. was born in Iron Mountain, Mich. He attended Kingsford High in Kingsford. After graduating from high school, he spent one year at Gogebic Community College in Ironwood. He then attended Central Michigan for three years.

He and his wife, Sandra, have one son, William F. Wales III. His comments on the community: "We enjoy the community and it is just the type we wanted to settle in." Mr. Wales also thinks that Lakeview has an excellent school system.

Editorial:

LET'S HAVE

SPIRIT!!

With Fall and the opening of school, comes also football, the beginning of the spectator sports. It's time to dig up the old school spirit once more. We've got to really get behind the team and let them know we're backing them up. Friday we begin the season by playing Greenville, there. Of course, there will be a Pep Assembly. Pep Assemblies are to get the guys "pepped up" and not to be discouraged because some people think it's "uncool" to open their mouths and cheer. Let's show "our guys" we're behind them and want a "Victory Year!"

Feature Story -MF-

Pictures, Anyone?

Last May, the Class of 1972 decided to have their Senior pictures taken in the summer. This particular situation was to provide the Seniors with better service from the Powell studio. The date was set for August 16, 17, and 18. Suddenly, many families changed the date of their vacations!

The Seniors received their appointments during the first week in August. This gave the girls time to primp with their hair to make it beautiful. They also started shopping for the sweater in their favorite color. It was rather hard to find sweaters, when the stores had large supplies of hot pants and swim suits!

Finally the day dawned, bringing warm weather with the temperature in the 90's (all three days). The boys dressed from head to toe in their best suits and ties, but the girls were equally as beautiful in their sweaters, shorts, or blue jeans.

Each Senior came for his appointment, only to be faced with the costly task of deciding the number of pictures and frames he wanted. Finally the big moment of the picture taking arrived. The good looking Senior was twisted and turned in nine different directions while the photographer found these "perfect poses."

Two weeks later the Seniors received their proofs in the mail. This started a series of "family conferences" in which each member of the family decided on a
cont. on page 4 col.

Sports:

Cross-Country

The Cross-Country team is still hard at work preparing for their first meet against Greenville on Thursday. They have recently been out to Birchwood Golf Course running. Last Friday, the team had time trials with good results shown. Their schedule soon will be full with the team sometimes running two meets a week.

FOOTBALL

Scrimmage

on Kos Field

Friday, September tenth a three-team football scrimmage was held on Kos Field. The teams taking part were Tri-County, Belding, and Lakeview. Both the Varsity and Junior Varsity squads of these schools participated.

The field was split in half with the J.V.'s at one end and the Varsity at the other. Each team was given a half hour on defense and a half hour on offense.

The Lakeview Varsity didn't look good while on offense, but the Wildcats' defense looked promising. The Lakeview Junior Varsity looked real good and are looking forward to a real good year.

After the scrimmage the players from all three teams were served sandwiches, cake and milk by the Lakeview cheerleaders.

The G.A.A.

The G.A.A. (Girls Athletic Association) will be getting underway very shortly. Any girl may join this club. The activities it participates in are basketball, volleyball, football, dodgeball, table tennis, trampoline, P.J. party, camping trip, plus many other things. The only requirement there is to become a member is that the dues (\$2.00) be paid by October 13. After this date no one will be able to join. Dues can be paid to Mrs. Moore or Marilyn Main. The meetings will be every Wednesday night from 7-8:30.

The first activity will be volleyball. The girls will choose up teams and have a tournament. The girls will then choose the best girls to be a team and then compete against other schools.

If you wish to join, pay your dues and come to the meetings.

PEP CLUB

The Pep Club is very active this year as many of you may have noticed. They have been busy painting all those peppy posters that have been popping up in the halls lately.

At the first meeting, the election of officers took place. Holli Imhoff was reelected as President. Marilyn Main was elected Vice-President, with Sue Molitor as Secretary-Treasurer. Jackie Drain was elected to the Student Council. Also the Pep Club plans a dance after our first home football game.

Cheerleaders are at Work...

The cheerleaders have been practicing hard with lots of enthusiasm for this coming football season. Miss Bergin is their new cheerleading sponsor.

They have already made some money by selling advertisements. They are making plans for more spirit this year than ever before. The more student activity, the better the spirit and pep assemblies will be.

Let's help out our cheerleaders with skits, chants, and lots of yelling spirit! Remember--it's not what the team does for you alone, but what you do for the team! Let's back up our "Mighty Wildcats!"

GOLF

Last Monday the golf team lost their first meet to Montabella with a score of 168 to 161. Their last meet was held at Montabella. On September 20, the golf team will be traveling to Portland for their next meet.

F.H.A. meets ~

The F.H.A. held its first meeting of this year last Thursday after school in the home ec. room. The meeting began with a skit put on by the old members. Eighteen new girls have joined the club. The F.H.A. plans to make candy and caramel apples to sell at our first home football game.

Feature (from page 2)

different pose. (There had not been such a debate since they decided on his name). Mother and Dad studied the pose that looked most like their "little son or daughter." After several days of persuasive arguments, the family finally decided on The Picture.

Each Senior made a down payment on his pictures and returned to Powell Studios the one and only proof. Now that the details have been taken care of, the Seniors have until Christmas to wonder if they chose the right proof. (Did I choose the one with the prettiest hair do, best looking eyes, and smile or was that the one that looked just like Aunt Irma?)

The Composite Picture will preserve for posterity the Senior pictures of the charming and handsome Class of 1972. We too shall be remembered!

-MJF-

SOPHOMORE RINGS

The Sophomore Class will select class rings September 29. A \$10.00 deposit must be made.

WANTED!!!

Names of potential baby sitters to work in the High School on Monday, Tuesday and Wednesday nights.

Time: 7-10 p.m.

Wages: See Mr. Dick Brown, Community School Director, before Friday.

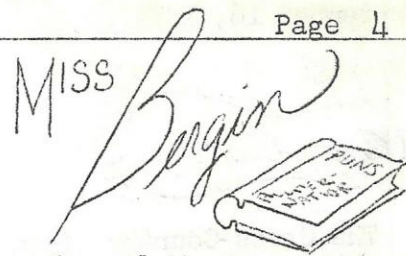

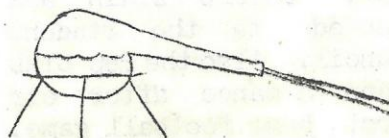

The new chemistry, physics and physical science teacher this year is Mr. Ebeling. Mr. Ebeling has a long educational background. His father was a professor of psychology. This profession kept the family moving quite a bit and they lived in over twelve states. Mr. Ebeling attended high school in Ithaca, New York. After graduating from Ithaca, Mr. Ebeling went to Transylvania College in Kentucky for three years. Other colleges he attended include Olivet, where he received his Bachelors degree in Psychology; Michigan State, where he studied education; and The University of Mississippi where he received his Masters in Chemistry. His previous teaching experience was teaching chemistry and physics at Belview.

Mr. Ebeling enjoys nature and the outdoors. He likes to camp and was once an assistant leader to a Boy Scout Club.

He recently moved to Alma with his family. His wife Cheryl, is planning to attend Alma College to study teaching. He has three children, Rebecca six, George five, and James two.

Mr. Ebeling is very impressed with our new school and how well furnished it is. Mr. Ebeling says everyone has been very friendly and that the students are academically oriented.

One of the new teachers employed here at Lakeview is Miss Bergin. This semester she is teaching English and American Heritage. When asked her interests in English she said she prefers modern poets and short stories to grammar.

Miss Bergin's hometown is Waterford, Michigan. She said "it's a little bit bigger than Lakeview." After high school she attended and graduated from Western Michigan University.

When Miss Bergin first saw the school she said she was amazed. She thought it was a beautiful school.

Miss Bergin is the first girl in a family of five--one older brother and three younger sisters.

She, as a new teacher, has already shown her interest in Lakeview students by becoming the Cheerleaders' adviser.

The only future plans she has at the time are to continue to teach school.

The one thing that helps her get along everyday, and her advice to others is to "just keep smiling, even if things are not going well; it always helps."

USING YOUR PEP

Do you, the student body, know what it means to be present at a pep assembly? A pep assembly is a gathering of high school students to display energy, keenness, snap, vigor, and vim. To be at the pep assembly signifies that you are actually placing yourself in such a position as to be a member of the Lakeview Wildcat football team. You yell the cheers to actually say, "We're for you"—not against you or mediocre.

When you come out of the gym, do you feel like jumping and letting everyone know, as the cheer says, "who you are?" If you feel like shouting "Go Wildcats," go ahead. They might even hear you.

Riding the bus doesn't need to be the place for sleeping and wondering when in the world you'll get to the town. The cheerleaders are able to lead any cheer and if they don't start them, you can start something like "Stop, Look, and Listen."

Arriving at the game, you are close to the peak of excitement for those guys out there approaching the center line. The team and the fans should both kick off that ball and be ready for the tackle.

Continuing through the game, you should feel the ups and downs of being a football player. When we get a touchdown, show some living spirit!

The pep assembly was good Friday. Let's try to reach a higher level this Friday. The team will be trying to show you and themselves what it means to be a member of the Lakeview Wildcat football team. Support your team; they support you!

Fall Falls Upon Us..

Do you realize that today is the first day of autumn? What do you think about when fall comes? Most people would say football games, hayrides, Halloween, or wearing heavy coats and sweaters. If you think of fall as the beautiful season, you'll see the beauty of nature. Look out of the bus window or your car (who rides the bus anymore?) and take in the colorful landscape. Take a walk in the woods on a warm Saturday afternoon. Think of what this poet is saying in his poem "Nothing Gold Can Stay" when you look at nature:

Nature's first green
is gold,
Her hardest hue to hold.
Her early leaf's a flower;
But only so an hour.
Then leaf subsides to leaf.
So Eden sank to grief,
So dawn goes down to day.
Nothing gold can stay.

--Robert Frost

Wed. Sept. 29 - Sophomores select class rings
GAA 7-8:30

The Strange Visitor

Did you hear about the kitty cat that wanted to be a Wildcat?

Last Tuesday morning, September 14, Ann Pontius, about to miss the bus, grabbed her sack of cheerleading clothes, not noticing that it weighed a little more than usual. Once on the bus Ann noticed that her sack was moving. She said that it felt like it was alive and actually breathing! Cautiously she opened her sack and found to her dismay that her kitten, Cricket, was a stow-away.

After half a day, Cricket decided that if he had to go to school to be a Wildcat he would be better off tame.

One

feature story for Autumn

This week, open your farm reports to page 37 and chant along in unison the lesson of the week. Namely:

A LESSON IN MUSIK

Everything must have a starting point, so in the study of musik, the starting point is the note. There are all sorts of notes: big notes, little notes, long notes, short notes, and love notes. Here is a note:

This is a good quarter note. Where the other three quarters went I'll never know. If you put 4 of these quarter notes together, you end up with a whole note (a little higher mathematics there). A whole note has four beats

cont. next column

and if you beat it enough, it'll run off and become a bar. This is where singers get the phrase, "Hum a few bars."

With bars you can make scales and with scales you can weigh aardvarks and the more an aardvark weighs, the more it costs to send him to Walla-Walla. Hence, using the transitive property of addition with respect to Labor Day, you can easily determine how many bars there are in Walla-Walla. But that's a lot of dam over the waterer, a lot of water over the troubled brid...a lot of bridge over troubled dams....er, a lot of water on the knee in....Did anyone ever tell you that you look like the Prince of Wales?

cont. next column

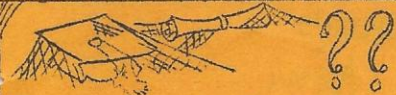

cont. from col. 2

This drags us up to symphonies. Symphonies are a lot of notes thrown together in such a way that they stimulate the mind into carefree abandon, bliss and euphemy. And we all know that old saying, "Me for you and euphemy."

Symphonies are played by orchestras in symphonic halls. The trouble today is that there are too few symphonic halls or too many orchestras. Since it would be unkind to get rid of the orchestras, the logical solution would be to build more symphonic halls. But this brings up the question of where to build them. When asked about this terrible dilemma, Captain Jeffery T. Spaulding of Spaulding Yard, (or Captain Jeffery T. Scotland of Spaulding Yard, depending if you're from London or Philadelphia) said, "Why don't you put it in the reservoir and get the whole thing over with? But that might interfere with the water supply. But we must remember that art is art. Still, water is water, isn't it, and east is east and west is west and if you stew cranberries like apple sauce they taste much more like prunes than rhubarb does. But that's just my opinion. Some of your readers might not agree with the John Birch Society. Neither do I. Did anyone ever tell you that you look like the Prince of Wales?"

Will George ever run Dickie? Will Hanna do what Immanuel Kant? Tune in next week for the continuing saga of "As the Teachers learn."

Editorial: *Only you can prevent Picnic Tables!* 

This year, we have been given another privilege--picnic tables. I've noticed that most of the kids who use the picnic tables have been very careful about keeping the area around them clean. Let's keep up the good work. If we do our part, maybe we could have a few more tables, so more kids could sit outdoors to eat. But remember, before we could ever have more picnic tables, we must first show that we are responsible enough to have these tables. PLEASE, DON'T ABUSE THIS NEW PRIVILEGE!

Sports:

Cross Country

On September 16th, Lakeview Cross Country traveled to Greenville to run on their $2\frac{1}{2}$ mile course. The boys displayed much spirit, but the results were not in our favor. Wendell Martin was Lakeview's first man across the finish line. The final score was 44 to 18.

On September 21st, they traveled to Central Montcalm, where they became the first league team ever to defeat the Green Hornets. Wendell Martin was the first place winner and Gordy Olson placed 4th. The meet ended with Lakeview 26 and Central Montcalm 31. Let's hear it for the LHS Cross Country team!

Pep Club Dance

As most of us know, Pep Club is sponsoring the first dance "OLDIES BUT GOODIES" this Friday after our great victory over Central Montcalm. We are also going to be entertaining our student body, with a skit at the assembly. We are having a bake sale Friday noon and would like your participation. The money will be used to buy paper and paint.

J.V. Outlook

Last night, I interviewed Coach Jonaitis. When asked how he felt about the progress of the J.V.'s, the Coach replied, "The team is looking fairly good on defense. Offensively we are lacking in our timing. I will be able to give you a better idea after our first game tonight at Central Montcalm."

Faculty Banquet

The teachers got together Saturday night for a pot-luck supper and game fest. "It was a lot of fun," reported many teachers.

All the new teachers were introduced and had a short summary read about them. Afterwards, the teachers headed for the gym for games. The games were headed by the teachers. Mr. Coon was head of the BINGO games. Everyone went home with many prizes, including stationery, Kleenex, etc.

For once the teachers went to school for play and enjoyment, not work.

An announcement about a
new proposed column:

LETTERS to the Editor

Starting next week, the Wildcat Chronicle hopes to start a new column entitled "Letters to the Editor." Naturally, these will be letters from the reader, meaning you, to the editor (that was real hard to figure out, wasn't it?). Now there are a few rules:

1) We must play fair now kiddies. No hitting below the belt. For example, don't say, "he ain't no good for slopping hogs." That's using a double negative. Say, "he isn't any good...."

2) Keep swear words down to a minimum. Most of our typists are girls, and well, you know how girls are.

3) Due to the relatively large type we use, keep the letters to a fairly short length. We wouldn't want to continue it the next week (as is done with some other stories).

4) Don't mail us any bomb threats. They won't be printed until Thursday, anyway.

If you wish to voice your opinion, give your letter to either Genny Towne, Jake (or sometimes Jackie) Bennett, or to myself, whoever I may be. Or (!) if you're chicken, mail it to:

The Wildcat Chronicle

Thank-you and happy writing!

James Middleton,
As't. Editor*
Wildcat Chronicle

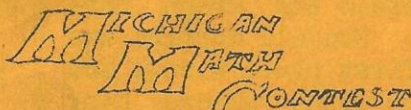

ANNOUNCEMENT:

The report cards this year will be handed out differently. They will only be issued every nine weeks rather than every six weeks.

The High School Band is busily preparing for Friday night's band show. The pre-game show will be "Charles-ton", featuring the majorettes. At half-time the band will present the show "Moon Shot" which contains precision drill.

The band will be playing three half-time shows this year along with the homecoming half-time activities. The band will also be participating in the Ferris State College homecoming-game half-time show and parade on October 30.

Any Math student who would like to try for a Scholarship, is to take the Michigan Math Test at the school on October 20.

Several college representatives will be visiting the school to talk to Seniors about their college. A representative of Alma College will be at LHS on October 11. Lake Superior State College will be represented on October 12. Any one interested in Pharmacy may wish to talk with the representative from the University of Michigan's School of Pharmacy on October 27.

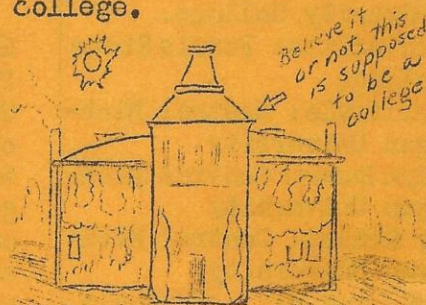

COUNSELOR'S NEWS...

The Counselors have been busy advising Seniors about colleges, college applications, and educational tests.

On October 5, College Night will be held for the Juniors and Seniors at Montcalm Community College. Many colleges from all over the state of Michigan will be represented at College Night. These representatives will discuss different requirements and courses offered in their Schools.

Any Senior who is planning to attend college, should plan on taking the ACT Test. This test will be given five times during the school year with the first test date being Oct. 16. The test costs \$6.00, and it will be given at MCC. The ACT test consists of four tests--covering English usage, math, social studies, and natural science. These are designed to measure general ability to perform kinds of intellectual tasks required of college Students.

The Michigan Competitive Higher Education Exam will be given Saturday, November 13. This test is given to provide financial aid to students of Michigan who are planning on attending college.

OPERETTA Chorus to Perform

The Lakeview High School Operetta Chorus will appear at Sheridan, Michigan, at the Big "L" Lumber Yard on Saturday, October 2 and also on Tuesday, October 5, at 7 p.m. for a forty-five minute program. The occasion is the visit of the Michigan Art Train to the Montcalm County area. The train will be at the Sheridan location from October 2-5, and will be open to the public during that time.

This chorus will be performing its first concert of the 71-72 season. Plans for the future include a play and two musical productions during the school year. In the summer of '72 they will present another play and another musical.

The Lakeview High School Choir is made up of students from all grades within the High School who are accepted into the choir without auditions of any kind. In the twenty-three year history of this choir they have performed over 250 concerts in churches, schools and other places throughout Western Michigan.

Homecoming Preparations

Plans for the homecoming were made at the Student Council meeting, September 27.

To get students in the spirit for the homecoming game, there will be a bonfire, preceded by a parade, Wednesday, October 13. Because of the J.V. game on Thursday we decided to light the fire on Wednesday.

The homecoming plans are generally like last year's. The reigning queen, Markay Moon, and the King, Alan Charnley, will crown the new King and Queen of 1971-72.

On Friday, the day of the homecoming, the football players will present a practice at noon on the football field.

There will be a one hour parade through town on Friday afternoon followed by a pep assembly on the football field. There must be a sign in front of each class in the parade.

A disc jockey will host the record dance following the game. Prices will be \$1.00 drag and 75¢ stag.

Fri. Oct. 1 - Varsity football Saranac away 8:00
Tues. Oct. 5 - Cross Country Saranac here 4:15

SENIORS Meet

The Senior Class had its first meeting last Thursday morning during the third hour period in the cafetorium.

The meeting was called to order by Class President, John Garcia.

The Seniors had a number of things to attend to, about the most important of which was the choosing of candidates to run for Homecoming Queen and King. The candidates are: Karen Rodarmar, Brenda VanOrtwick, and Sue Molitor. The candidates for King are John Garcia, Charlie Chapin, and Wendell Martin. Along with the choosing of these candidates they took up suggestions for class colors and discussed this year's Senior class dues.

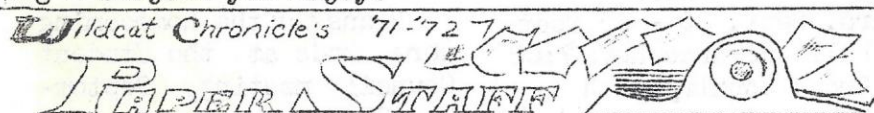

MATH-SCIENCE CLUB

On September 21, the Math-Science Club held its second meeting at 12:30 in Mr. Boerma's room. The topic of the meeting was the slide rule. After the meeting got underway, Mr. Boerma showed the members how to find square roots and multiply fractions.

English: An Old Dog Does New Tricks

Do you like Shakespeare, Western Lit., Mythology, or is it Grammar? This year we have a choice of any of the following subjects: Practical English, Teen Lit., American Heritage, Mythology and Poetry (9 weeks each), Shakespeare, Western Lit., Grammar, English Composition, Journalism, Vocational English, Fundamental English, Theater Arts, or Interpretative Reading and Word Study (9 weeks each).

Since English has always been a bad subject to bring up to any ordinary high school student, the faculty has tried to improve the offerings of the English Department. This gives you the chance to take the class you are most interested in. This means you will be more satisfied with your work because you are taking a subject you enjoy.

feature story:

LITTLE YELLOW SCHOOL BUS

Have you taken advantage of that wonderful piece of transportation called the "Little Yellow School Bus"? During the past ten to thirteen years this vehicle has been called at your doorstep to whisk you off to school.

We have just received the Rules of Conduct for riding the School Bus. One rule stated, "Take the seat assigned by the driver..." Do you remember the time in second grade that the driver ordered you to the front seat where he could watch you shout to your buddy in the back seat!?

Then there is the rule which says, "If a seat is not assigned to you, take the seat farthest to the rear of the bus." This means that you board the bus and then run down the aisle to the back seat, hitting students on the head with your stack of books.

Another rule states, "Share your seat with other pupils." This gives you the right to politely remind the first grader occupying the entire seat to share his seat with you. (However, a cardinal rule is--never lose your temper and hit the first grader with your Government book!!)

"Do not throw anything in the bus or out the open windows," is also a very important rule. The bus must be kept clean and free from papers--especially your report cards.

"When it is necessary to carry band instruments they should be placed in the rear of the bus." This rule helps keep the band instru-

Cats downed by Hornets

On September 24, the Lakeview Wildcat varsity football team played its home opener against the Central Montcalm Green Hornets.

The 'Cats held the visitors without a point until late in the second quarter when CM scored two quick touchdowns. The score at the half was CM--14, LHS--0. The Wildcats almost scored twice in the first half, but a missed field goal at the end of the half stalled their drives into CM territory. The home team was shut out until late in the game when Raul Morales hit Mike Lindsey with a 42 yard scoring pass. The final score was CM--26, LHS--6.

Leaders in statistical departments were: John Garcia--7 tackles, 3 assists; Ron Waite--7 tackles, 1 assist. In the passing department, Raul Morales was 7 for 17 with 148 yards, 1 touchdown and 1 interception. Mike Lindsey caught 4 passes for 127 yards.

The Wildcats' next game is against Saranac at the Redskins' field on October 1.

J.V.'s

Last Thursday night our JV's went to play Central Montcalm at Sheridan. Both teams were held scoreless as they displayed fine defensive performances.

Central scored the only points of the game just before halftime. The JV's

Cont'd col. 2

JV's cont'd

showed promises of having a pretty good season this year, so everyone get out there and cheer them on!

CROSS-COUNTRY

The Lakeview Cross-Country Team won easily over Portland, 16-46. After Lakeview took the first four places they automatically had it won. Wendell Martin came in first with a time of 13:29, which is so far the school record. Joe Childers third, and Jon Comden fourth.

Lakeview and Carson City are tied for first place in the league with a 2-0 record. They will meet today at Carson and it's predicted to be a very close meet.

THE PEPC CLUB

Do you wish you were part of an active organization? One that sponsors dances, takes part in the Pep Assemblies, has bake sales and gets to make all those wild sighs you see hanging around?

Well, you can be; just come to the art room on Monday nights after school. The Pep Club always welcomes new members.

LIBRARY CLUB

The Library Club had its first meeting Tuesday, September 28. The officers were chosen for this year. President is Becky Jeppe-son; Vice President, Gordon Allen; Secretary-Treasurer, Sue Rentschler. Pam olmstead was chosen Student Council representative.

LETTERS to the (As't) EDITOR

Dear Mr. James Middleton, Assistant Editor:

It has come to my attention that our environment in and around Lakeview is becoming unfit to live in. I propose that the Lakeview High School start a program in which anyone can join. This organization would meet often to hear environmental speakers, and would help clean up our environment. Mr. Middleton, we all need to take an active interest in our environment. That is why we need an organization to inform the people. I hope you agree with this idea. I shall be waiting your reply in the next issue of the Wildcat Chronicle. Thank you.

Sincerely yours,
SEBASTIAN

(As't. Ed's note:
Sebastian, I agree.)

Feature Story (from pg. 2)
ments from being damaged, but those tubas and trombones are good at making colorful bruises on your shins!

The foremost rule which everyone keeps is, "Keep voices low at all times!" It seems that the laws of all basic friendly conversation are lost when students are riding a school bus. Every passenger finds shouting a necessity in talking to his friend. Little wonder busdrivers have headaches!

We must remember that it is a privilege to ride the school bus. We should try to abide by these rules. Besides, how else can you get more excitement than by riding the "Little Yellow School Bus"?????

MJF

Class Meeting~

SOPHOMORES

Under the direction of our sponsors, Mr. Jonaitis and Mr. Ebeling, and the leadership of our president, Reuben Solis, the sophomore class accomplished a lot during our meeting Tuesday, September 21.

First, we talked about the awful subject of paying dues. We decided to keep the dues at the same amount as last year--\$2.00 per year. Jeff Fitzner, treasurer, reported that we have \$180.03 in our treasury which is enough to keep us going until all of this year's dues are paid. That brought up another problem: How do we get all class members to pay their dues? We agreed that in order to go to any class meetings, to parties, or on trips, our dues must be paid.

Instead of having a class party, we're going to a CMU football game. In case something happens where we can't go to the game, we plan to go tobogganing instead.

Committees for homecoming were chosen; and, last but not least, we chose our royalty-Princess Mindy Moon and Prince Dan Scott.

F.H.A

The candy and caramel apple sale sponsored by the FHA at the football game last Friday was a great success. The stream of customers was steady so all of the apples were sold within half an hour. Thanks for your help in making our project successful!

(FHA cont. next column)

(FHA cont.)

Coming FHA events. There will be an FHA monthly meeting Thursday October 7, 1971 after school in room 304. Topics of discussion will include the formal initiation of new members which will be October 12 in the evening; the FHA regional meeting for all members in Plainwell, Saturday October 23, 1971; decorations for the regional meeting, coming class campaigns and the informal initiation slumber party. Please be there to find out the details. Also plan to stay to make more caramel and candy apples for the football game on October 8. A reminder to all FHA'ers--
PAY YOUR DUES NOW!

meeting:

f.b.l.a. 

The new FBLA of '71 '72 met last Tuesday in the bookkeeping room. We talked about having an FBLA week sometime next month to try to get more students interested in this worthwhile organization.

Some of the projects we will be doing throughout the year are: making a showcase display, having a membership campaign, participating in the State Convention, and possibly going on some field trips.

(Student Council cont.)

If it rains the crowning of the King and Queen will take place at the dance.

The next Student Council meeting will be held Monday night at 7 P.M.

Meeting was adjourned.
Respectfully Submitted,
Marilyn Main
S.C. Secretary

Class meeting:

Juniors

On Friday, September 24, during third hour the class of '73 had their first class meeting of the year. To start off, the meeting was called to order by our President, Vall Sheler.

The first move on the agenda was to elect a new class Secretary. A new one was chosen last year, but, due to a changing of school's a new secretary was needed. Holly Stevens was chosen for office.

The next move was to decide on a date for our dance. We chose to have the Thanksgiving dance for the Juniors to sponsor.

The last item before dismissal was to select our charming prince and quaint princess for the year. For our Princess for '72 we chose Sherrie Soss and for her escort as Prince we chose Raul Moralez.

The meeting was adjourned and we scattered to our fourth hour classes.

class meeting:

Freshmen

The ninth grade had their class meeting fourth hour, September 23. They elected the following class officers--President, Felix Perez; Vice-President, Marty Romares; Secretary, Karla Johnson; Treasurer, Carol Mishler.

Student Council officers are Jim Andresen and Scott Jura. They also elected their freshman Prince and Princess -- Marty Romares and Terri Hedrick.

WILDCAT CHRONICLE.

October 7, 1971

Lakeview High School

Lakeview, Michigan

Thirty-Two Little Schools ~

If all of the old one room school houses that surrounded Lakeview were still used and placed in a row, side by side, we would have about a thirty-two room school for all of the students of this area.

From the 1860's to the 1950's this type of school fit the needs of the various communities, because there were only about seven to sixteen students going to each one of them.

Now the thirty-two separate schools have been consolidated into one big school system. We now have five school buildings, eighty-one rooms, five gyms, three libraries to accommodate the growing student population.

Oops! Are our faces red!!!

Due to Mr. Ford's "inability" to count to nine, there was a mistake in a previous edition of our paper. Report cards will be handed out October 29, not October 22. He now knows how to count.

★ ★ ★ ★

Mr. Barry says we are doing a good job of keeping the school in good shape. He is pleased with the effort everyone is putting forth. So let's keep up the good work!

Homecoming Preparations

Further plans for the homecoming were made at a Student Council meeting October 4.

The cars and the drivers were assigned to the classes. Mr. Molitor will drive the truck pulling the team.

The bonfire will take place at 7:30 p.m. on October 13.

The order of the parade through town on Friday afternoon is as follows: the band, the team, cheerleaders, reigning king and queen, king and queen candidates, Senior class, Junior prince and princess, Junior class, Sophomore prince and princess, Sophomore class, Freshman prince and princess, and last but not least, the freshman class.

The dance following the game will be hosted by the disc jockies from WZZM. The dance will last until twelve o'clock.

LHS

BAND

The LHS Band is busily working on the half-time show for Friday night's game. This week's show is titled "Bridging the Gap." It concerns the generation gap, featuring music from three generations.

Calendar

Oct. 7 - Oct. 13

Thurs. Oct 7 - JV football
Cedar Springs Away 7:00
FHA after school

Fri. Oct 8 - Varsity football
Cedar Springs
Here 8:00

Sat. Oct 9 - GAA trip

Mon. Oct 11 - Golf with
Central Montcalm Here
4:15

Wed. Oct 13 - GAA 7-8:30
Bonfire-7:30

Another Boo-Boo

The last issue said that the football players would present a practice at noon Friday, the day of homecoming. The football players will not be involved in this. It will be a practice with the Queen and King candidates; drivers of cars, princes, and princesses.

Editorial:

Attention, Sideline Coaches ~

It is general knowledge that if a team wins it is a great team, but if the team loses it is a lousy coach. However, most people don't take into consideration that coaches don't drop passes, fumble the ball, or make any of the mistakes that have lost games. It has been said by 'citizens' of the Lakeview school district that Lakeview's football coach is not the best. Let us remind you, the readers of this article, that in the past two years Lakeview has had two winning teams in football. It is a strange coincidence that this is how long the present football coaching staff has been here.

We, the Varsity football players of Lakeview High School, feel that our coaches have been doing a great job at preparing us for the games. But, once we get on the field we are on our own as to how we apply what we have been taught. If mistakes are made the players are to blame, not the coaching staff.

Let it be known, that further criticism of the Lakeview Varsity Football coaching staff will not be accepted by any member of the squad.

Deborah, David, Middleton,

feature story: Biologic Wanderers CH

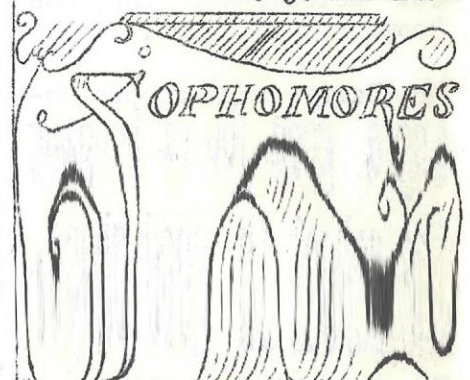

Well, it's that time again. The Biology class is moving from the classroom, out to mother nature. The plan is to make a study of a biotic community. If you want to break that down into simpler terms it means to find as many different kinds of bugs as you can without getting your feet wet.

The girls were advised to bring old clothes, but there's always the class member with a poor memory who ends up wearing a white dress out to crawl in the bushes. But don't worry about her. The person you should worry about is the girl in the next bush wearing \$3.00 panty hose and hot pants.

Then, there's always the possibility of coming face to face with a tremendous snake. Now this tremendous snake may only be 2 feet long but it may as well be 72 feet long for all the screaming you'll do. And just as your getting calmed down, you're divebombed by a squadron of yellow jackets.

All in all, I'm sure it will prove to be a very interesting week for the Biology students. But if you should sit next to someone and hear him say, with hands folded and head bowed, "Please God, make it rain," they're either a Biology student or supposed to mow the lawn when they get home.

c. j. haenlein

Sports:

Wildcats v.s.
Redskins

Friday Oct. 1 the Lakeview Wildcats traveled to Saranac to do battle with the Redskins.

Saranac got on the scoreboard on the opening kickoff as they ran it back 77 yards for a touchdown. The second quarter was less exciting as neither team scored. Lakeview controlled the ball for most of the second half, but couldn't put any points on the board. The score ended Lakeview 0, Saranac 14.

The Wildcats' next game is a non-league affair with the Cedar Springs Red Hawks at Lakeview. Be there!

GOLF

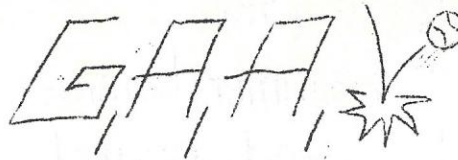

The Wildcat golf team went against the Saranac Redskins September 27. They swung those golf clubs, hitting those balls, but didn't come home with a victory.

Duff Stilson had 42 strokes, Dave Hawley and Dave Nielson received 44 strokes. Darrell Stevens received 50 strokes. The overall score was Lakeview-180, Saranac-160.

Coach Mount and the team are planning to defeat Vestaburg October 5.

Remember the old golf rhyme:

Hit that ball
With those poles,
And send those balls
Right through the hole.

At the G.A.A. meeting last Wednesday they discussed the idea of sponsoring a foster child. They decided to sponsor the same child as last year.

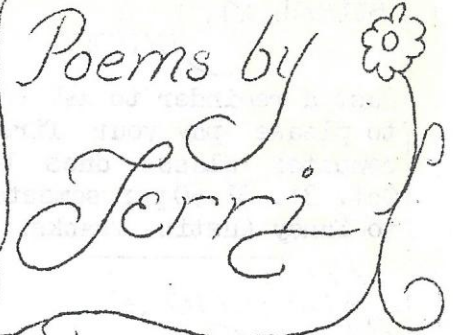

Next in the meeting they discussed activities. This Saturday from 11:30 to 4:30 they are going to the Double R Ranch. They are going to ride horses and try to canoe down a river.

Then they chose teams to play volleyball. After sufficient practice they will challenge other schools.

Junior
car
wash

The car wash sponsored by the Juniors last Saturday, October 2, 1971, was a success. The stream of customers was quite steady early in the afternoon. We make a profit of \$38. This money will be added to our treasury. Thanks for your help in making this project a success.

Class of "73"

The quiet undertones of life
Surround the everlasting
strife
Of people trying to find
their way
And mountains falling in
decay
For man's life is scarcely
heard
From the first to his last
word
And life continues moving
by
For people live and life
won't die.

Birth-
The beginning of the
Life-
The essence and the way
Live-
Its the only way to be
Love-
It opens eyes to see
Cry-
For the love you lost
today
Die-
At the closing of the
day.

General Weather: Taken from
October Almanac

October 8th-11th. Unsettled spell. Rain in upper Atlantic states to Ohio Valley, clearing. Unsettled in south, then fair. Blistery in Mississippi Valley over the plains, fair in Rocky Mountain states westward.

12th-15th. Stormy time. Fair, then stormy in the Rockies, over the plains states through central part of nation. Pleasant in Ohio River Valley, along Great Lakes and New England, becoming stormy. Dry in southern Atlantic area, Hunter's Moon.

Attention, Juniors

Just a reminder to ask you to please pay your first semester class dues by Oct. 31. \$1.50 per semester to Sandy Austin. Thanks.

SOPHOMORE RINGS

Last Wednesday morning, September 29, at 8:30 the sophomores met in the cafeteria to choose and order their class rings. Mr. Terryberry of the H.R. Terryberry Co. in Grand Rapids displayed the rings. We all looked at the different styles of rings and found our finger size. After a final decision as to a rectangular or round ring and the color stone, we got them ordered and made our \$10.00 deposit. Everyone is satisfied and looking forward to their arrival.
Cont. Col. 3.

Building Trades:

hammer, hammer
pound, pound

The twenty-four boys in the Building Trades Class are really getting with it. The boys, with their teacher Mr. Charnley are diligently working on their project for this year. They are building a ranch style house on a lot between the school and the lumber company. The basement of the house is nearly completed and the boys are very proud of their accomplishments.

The boys are doing all of the work themselves including the wiring and plumbing. They hope to be done with the house before June of 72. The house will then be sold and the profits from the sale will go to the school.

Get yer free
from f.b.l.a.

A FREE awaits each and every LHS student next Monday morning in the lounge. You say, "nothing is free." FBIA knows differently. FBIA has a FREE for you, not only on Monday, but on every day next week. See for yourself!

Next week is FBIA week at Lakeview High School. The students wearing blue and gold clothing, along with blue or gold name tags, may have you thinking they're starting early to arouse spirit for the homecoming game. Although that's a good idea, their actual reason for wearing these colors is to create interest in the FBIA group. It just so happens that blue and gold are the official colors of Future Business Leaders of America too.

Want to join FBIA? Want more information about FBIA? Just talk to any blue or gold "tagged" person; he has the information.

CAPSULES of WISDOM *

Water is ice that's lost its cool.

Time tells on a man . . . especially a good time.

A woman will pay twenty-five dollars for a slip, and then be annoyed if it shows.

Good judgment comes from experience--usually experience which was the result of poor judgment.

The last appliance on the market is a combination record player and air conditioner. It's designed for people who like to play it cool.

Garbage and traffic are similar--if you don't get rid of them you are in trouble.

Before offering a seat to a girl, be sure she is!

Remember, gun powder and alcohol Don't mix. It won't shoot and it tastes awful.

Flattery is the art of telling another person exactly what he thinks of himself.

A sermon can help people in different ways. Some rise from it greatly strengthened; others wake up from it refreshed.

Cont. from Col. 1

Mr. Jonaitis also told us that we will be able to attend the CMU football game on November 15 when they play New York. A student "get together" with other high schools will follow the game.

Don't forget the
Senior Bake Sale!

Lakeview High School

Lakeview, Michigan

G.A.A. goes on a Riding Expedition

The G.A.A. went to the Double R Ranch, Saturday, October 9, for a horseback riding expedition.

About twenty-nine girls loaded on the bus at 11:30 and started for the Double R Ranch, located near Belding. First they had a picnic and then set out with their horses. They rode most of the afternoon. After everyone had ridden they got back in the bus and came home. It was enjoyed by all and there are hopes that they can do it again in the spring.

GAA is planning to have a play day November 20 which will consist of three different schools with JV and Varsity teams to have volleyball tournaments.

F.H.A. and

Homecoming

The FHA had another successful caramel apple sale at Friday night's game. The money made from this sale will be spent for flowers for the formal initiation. The officers and members are planning for the formal initiation of new members to be held Tuesday, October 19. The following Saturday, October 23, the FHA will be attending the regional meeting at Plainwell. The Lakeview FHA'ers are in charge of decorating for this meeting.

LHS BAND PRESENTS at the Homecoming

The band presented its last formal half-time show for this year at last Friday night's game. As usual, it was a success. In place of this week's half-time show, the crowning of a new homecoming queen and king will take place. Other homecoming activities which include the LHS marching band are the bonfire, held Wednesday night, and the parade uptown this Friday afternoon.

Soon the band will begin practicing for the Ferris State College homecoming half-time show. This show includes the FSC Marching Band along with several high school bands in the Big Rapids area.

This week's pre-game band show includes a special feature, so be sure to come early to the homecoming game.

Calendar

October 15 -
October 20

Fri. Oct. 15 - Varsity football with Carson City-Crystal Here 8:00
Half-time crowning of 1971-72 homecoming king and queen

Sat. Oct. 16 - ACT Test at MCC

Mon. Oct. 18 - Golf with Carson City Away

Tues. Oct. 19 - FHA formal initiation at 7:00 in Home Ec. Room

Math-Science Club

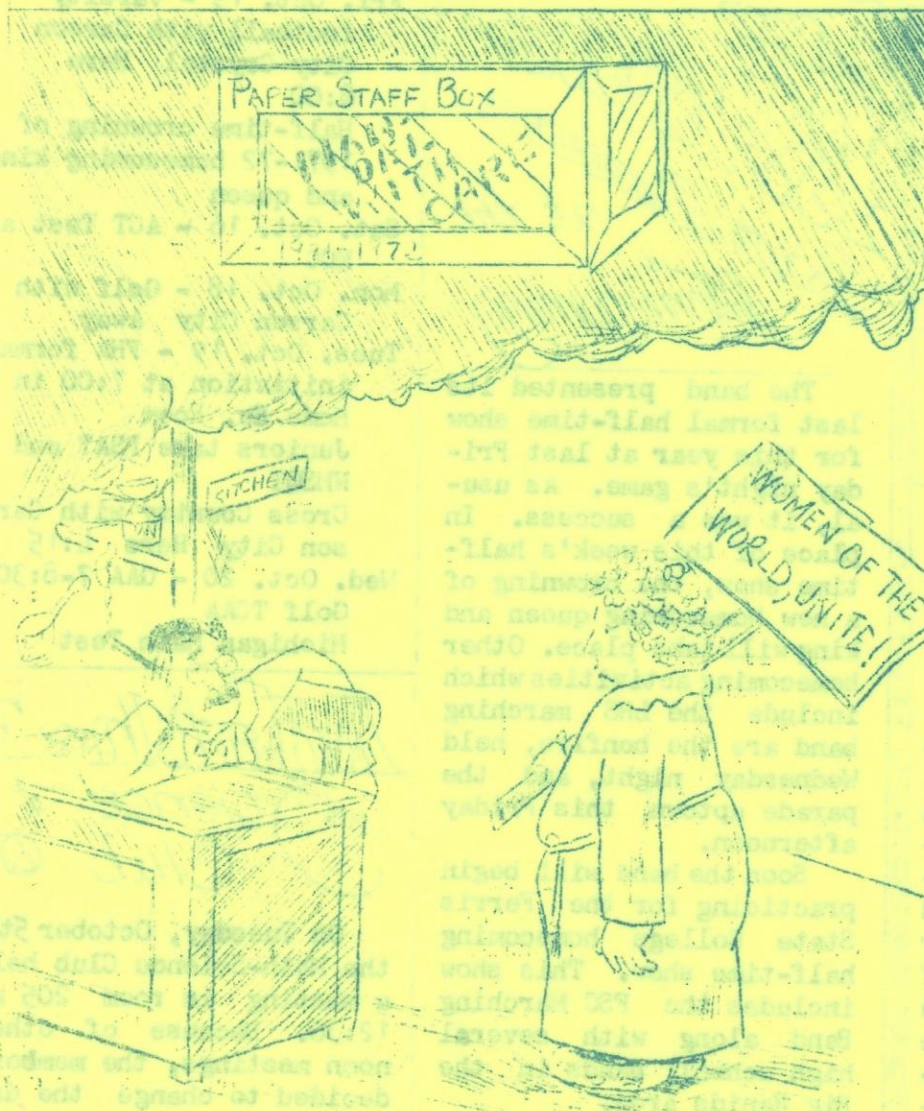

On Tuesday, October 5th, the Math-Science Club held a meeting in room 205 at 12:30. Because of other noon meetings, the members decided to change the day to meet to Thursday. The time is still 12:30.

If you wanted to join, but the time was bad on the old day, join now.

editorial:

the crisis

These are times that try men's souls. The sunshine supporter and summer loyalist will, upon seeing a thrice lost battle, no longer keep up his goodwill for the defeated. Those who shall continue to hold the teaming spirit in facing new obstacles, in spite of opposing odds, and continue the fight for victory--- they deserve the admiration and respect of all. A lost battle does not lose the war, and a lost fight should never cause anyone to lose his pride. We must distill pride in ourselves for those who represent us on the field, for if no pride is shown in the supporter, there can be little shown in the representative.

After the Honeymoon

feature story ~

THE PHYSICS EXPERIMENT:

In 1900, a young man by the name of Synderhausser R. Ipple was playing around with some glass, wood, wire and water, trying to think of a way to open a training school for wayward fleas. In fact, he was trying to think of a reason for trying to think of a way to open a training school for wayward fleas. Anyway, he put this glass, wood, wire and water to work and made a tank that could project water waves onto a screen. As you can imagine, he was overjoyed! Patent number 90-321 was issued that year for the Synderhausser R. Ipple water tank. For some reason, everyone kept misspelling Mr. Ipple's first name, so it was dropped. Then they started to slur his middle and last name. To everyone's surprise, something new was added to the long list of time consuming inventions: the R.ipple tank! Even with all his new-found wealth, Furd (as his friends called him) spent the rest of his life trying to think of a reason for trying to think of a way to open a training school for wayward fleas. We know that that ripple he had sent into motion would alter the course of American history!!!!!!

1972: In a class of little village only three thousand miles from the Sahara (hotel, not desert), student scientists were pouring over a waterfall. The waterfall poured right after them into a newly revamped version of Mr. Ipple's tank. They labored

Sports:

CATS

Red
Hawks

On October 8, the Wildcats of LHS scored their first victory by beating the Cedar Springs Red Hawks 34-14.

The Cats scored their first TD on a 1 yard pass play. Then Lakeview went wild scoring 19 points in the second quarter. First Ron Waite bolted over from the 3 yard line, then minutes later John Garcia picked off a pass in the flats and scampered 35 yards for another score. Craig Brown then made it 26-7 at the half. He made a great second and third effort run going 13 yards for the score.

The second half was less exciting, as both teams sputtered on offense and the defensive squads controlled the game. The final Lakeview score came on an intercepted pass by Ron Waite who streaked 25 yards to make the score 32-7. Paul Morales then hit Mark Olson for the 2pt. conversion making it 34-7. Cedar's other score came on a 60 yard pass play just before the end of the game.

The Wildcats were led on defense by Bob Guthrie, who had 10 tackles and 4 assists. Other defensive stand outs were: Ron Waite-4 tackles, 2 assists; John Garcia-3 tackles, 4 assists (1 interception); Paul Morales-4 tackles, 1 assist; Curt Dishong-3 tackles, 3 assists; Mike
cont'd next col.

Lindsey-3 tackles, 2 assists (1 fumble recovery). Dave Andresen also recovered a fumble for Lakeview.

Also it should be noted, that credit should be given to Coaches Boyd and Lang who installed a special defense to stop the Cedar Springs passing attack.

The Wildcats will now prepare for the big Homecoming game with the Carson City-Crystal Eagles next Friday at 8:00 on Kos Field. Be there!!!!!!

A New
Gymnastic
Program

A new organization is being tried this year. It is a Gymnastic program. The sponsors for this team are Mrs. Moore and Mr. Tillman. They meet on Tuesday nights after school until 4:30. They have been working on tumbling, trampoline, and the vault. They are hoping to go on to the other parts of the gymnastic field, too. Goals for this year are performing at some half-time games during basketball season, and possibly next year competing against other gymnastic teams.

Cross Country

Our Cross Country team defeated Central Montcalm again by the score of 25-30. First for Lakeview was Wendell Martin with Gordie Olsen in second place.

feature - from pg 2

long, hard hours and short soft hours over their own Ripple tank. Then some godly voice said, "Let there be light!" And there was light. And there was a teacher. And the teacher thought the light was good. "It's always a good thing to have a thing that is good," he said. And the students wrote this. And this they did write: "It's always a good thing to have a thing that is good." The light showed on the screen. "Let there be ripples!" said the teacher. And there were ripples. And the teacher thought the ripples were good. He said, "The ripples are good." The teacher put 2 wired into the water and turned on the power. "Let there be electricity," he said. And there was electricity. And there were many colored flashes. And the floor was wet. But the teacher and his students were gone. They were never seen again.

Moral: Wadiddiedu?

Respectfully submitted,
Dr. E. Bell-Ting

Golf

The golf team was defeated by Central Montcalm last Monday. The score was Lakeview 186, Central Montcalm 183.

Dave Hawley had 44 strokes, Dave Nielson with 45, Kim Peterson 48, and Darrell Stevens with 49.

The next meet will be Monday night with Carson City.

THE HOMECOMING CANDIDATES

Brenda VanNortwick

Brenda VanNortwick is 17 years old. For her first eight years of school, Brenda went to Greenville, but is finishing school at LHS. She has one older and one younger sister. Aside from working part-time at the Hut, Brenda enjoys sports, with skiing being her favorite. She is hoping to go to Aspen for a winter vacation.

Her future plans are to go to Ferris to study Cosmetology. She says, "I'm nervous about Friday!!"

Karen Rodarmer

Karen Rodarmer moved here from Greenville when she was in eighth grade.

She has two brothers and a sister, two of whom were former homecoming court members. She spends most of her time after school working at the Hut and at her home north of town, (With side trips to Reed City.) Her reaction to becoming a queen candidate was, "I'm so excited!" She thanks all of her supporters who made this possible.

John Garcia

John Garcia, left guard and linebacker on our varsity football team, will celebrate his 18th birthday this coming January 10.

John's favorite hobbies are varsity basketball and baseball, which he considers "his sport."

"Marrianne" by Stephen Stills is one of John's favorite songs.

John plans to go on to college after graduation.

Charles Chapin

Charles "Squirrel" Chapin is one of the king candidates for homecoming. Charley is seventeen and is active in various extra circular activities. He is a two year letterman in both crosscountry and track. He is also on the Paper Staff and Student Council. Next to girls, Charley's greatest interest is his 250 Kawasaki, which he rides during the summer when it runs. Squirrel lives northeast of Lakeview on a farm which he refers to as, "Out in the boonies."

He has three sisters; two have graduated and one is in the middle school.

Charley's campaign managers wish to urge you to get our there and support that Squirrel.

Sue Molitor

Sue was born on January 19, 1954. She says, "mom's a house wife and dad's a farmer". She has four brothers and one sister. Next year Sue plans to attend Western Michigan University.

During her high school years Sue has participated in Choir, Student Council, Pep Club, G.A.A., Operettas and this year is Vice-president of the Senior Class, and Treasurer.

Some of her hobbies are sewing, reading, sports (attending and participating in them), and picking apples. Her favorite food is Delicious Apples.

Wendell Martin

One of our best track men, Wendell Martin, is running for king. His hobbies are running, hunting, and fishing. He has many favorite songs, such as "Share the Land," "Brown Sugar," "Gypsies," "Tramps, and Thieves," and anything by Santana, his favorite group. Wendell's favorite food is pizza and steak, medium rare. For you who don't know the difference between him and Wendell, Wendell weighs more, taller, and has longer hair. He is now seventeen but will be eighteen October 24.

Varsity '76

The time is 8:00. The lights are glaring down on the field as the Lakeview Varsity comes onto the field with the crowd cheering. From somewhere in the stands a sign uncurls bearing the words "Class of '76." Wait!! Class of "76"? Yes, in four short years the classes of "76" and "77" will be cheering members of their classes on as they take field for L.H.S.

But will they be ready? The Junior High squad this year numbers around 80 players, and are divided into 6 teams; 2 big, 2 middle, and 2 small teams. They are coached by a fine staff consisting of coaches, Bachman, Larsen, and Keaton. Coach Bachman coaches the big teams made up of boys weighing more than 120 lbs. The boys on the middle teams weigh between 100-120 lbs. and are coached by Mr. Keaton. The small team is coached by Mr. Larsen. These are the boys weighing less than 100 lbs.

When interviewed about the big team Mr. Bachman states that they had some size, but were low on speed. Coach Bachman did not wish to single out any players, but said all are coming along fine.

Mr. Keaton said the middle teams are both doing well. He also wished to acknowledge Joel Perez and Richie Kazner at the running back positions and stated that Paul Main and Mike Solis are doing good jobs at the quarter back (cont. nex column)

spot.

Coach Larsen didn't mention any outstanding performers, but said although the little teams had a long way to go, they are learning quickly.

The Junior High teams have three scrimmages scheduled for this year and one game. They have already scrimmaged Saranac and have another scheduled with Tri-County; who the third scrimmage will be with they are not sure. The game will be with Montabella.

Remember soon these boys will be the Varsity Squad, so let's try to attend some of the scrimmages and games to cheer for the Lakeview Varsity "76."

The Sun Is Warm

by D Holbrook

The sun is warm and bright outside

But I'm not there, where I want to be,

So from the sun I will hide, Till I find you at a place for me.

As I write these little rhymes

I think of where I've been before,

And of the happiness in those times

That can now return nevermore.

A Pause To Refresh

What bothers me is--if those space scientists are so smart why do they all count backwards?

Both sugar and vinegar are preservatives, so it seems to boil down to whether you want to be pickled or in a jam.

f.b.l.a. f Horoscopes

Did you enjoy your FREE horoscopes this week, compliments of F.B.L.A.? Our purpose in designation this as F.B.L.A. week in Lakeview High School is to let students know what our organization is all about. F. B. L. A. is a national organization and even carries through to colleges under the title of Phi Beta Lambda.

Our chapter plans to have a formal initiation ceremony with parents and school officials invited, to host guest speakers from the business world, to take field trips, to provide a mimeographing service, and to attend the annual spring convention.

Is spelling your bag, or is public speaking your thing? Parliamentary procedure, typing, bookkeeping, shorthand, and business vocabulary are additional categories in which individuals and teams can enter at the convention. If we have a large club, we can go to the convention and come home with recognition for our F.B.L.A. chapter. It's been done before--just look at the awards in the showcase!!

Join a "now organization," join Future Business Leaders of America. For more information contact any member or see Mrs. Bachman.

Do You Remember??

There is a crown for us all somewhere, said J. M. Barrie, and these people found theirs in the course of high school.

Remember when we were in our class meeting that day? Remember your friends saying, "We want Alan, we want Alan!!" Remember your friends saying, "We want Markay, we want Markay!!" The weeks went by and your signs went up. Little did Alan and Markay dream they would be the Homecoming's most honored students. That was one year ago. Tonight, our candidates are feeling the same excitement and anxiety as these kings and queens did in past years.

In the 1970-71 school year, Alan Charnley and Markay Moon were chosen as our king and queen. Alan is going to Central Michigan University. He is studying to be a dental assistant and then plans to go to Michigan State University to become a dentist.

Markay is going to Montcalm Community College and is taking general courses. She wants to become a veterinarian's assistant.

Ever stop to wonder what our 1969-70 king--Terry Hansen, and Queen---Kathy Johnson, are doing now?

After graduating from high school, Terry spent one year at Montcalm Community College studying auto mechanics. He is now spending his time hard at work at R. J. Towers in Greenville.

On the other side of the crown, Kathy has been

studying cosmetology at Ferris State College.

In 1968, Bob Gummer was elected king and Barb Schwant, queen, for the L.H.S. homecoming. Since then they have gone on to bigger and better things.

Bob attended Ferris State and studied architecture for two years. Late this summer he married Pam Fleck and they now live in Farmington, Michigan. Bob is presently attending Lawrence Institute of Technology in Detroit.

Barb married Gale Rodamer of Lakeview and they have one son, Chad Mikel, six months old. When Chad gets older, Barb plans on going back to work as a beautician.

Ron Cruz and Susan Farrell reigned during the 1967-68 school year. Ron joined the Marines while Susan went to beauty school in Grand Rapids; and in 1969 they joined hands in marriage. They are now expecting a little prince or princess of their own. Ron has orders to go to Kansas City in November.

The 1966-67 school year was honored with King Bill Schmitz and Queen Kathy Goulet. After attending Ferris State College he drove truck for the Nehi Bottling Company. Now Bill is back at Ferris.

Kathy, now a junior at Central Michigan University is majoring in teaching the mentally handicapped and minoring in psychology. She and her husband, Ed Jonaitis, teacher of math in the high school and JV

football coach, are residing at Six Lakes.

Mike Brockdorf and Linda Wood were chosen king and queen for the 1965-66 school year. Mike furthered his education at CMU and studied business and law for four years. He joined the Coast Guard and is now stationed in Cleveland, Ohio as a yeoman.

Linda Wood married Larry Larsen. She is teaching in Battle Creek.

Back in '63 there was a tie between Judy Behrenwald and Vera Calhoun for queen. Judy attended Central Michigan University for one year and then went to Michigan State University to complete her Bachelor of Science degree in teaching the physically handicapped. Now she is working on her MA in Physical Education for the handicapped.

Miss Behrenwald has added more jewels to her crown since leaving LHS. She was Montcalm County Farm Bureau Queen and is now reigning as the Michigan Farm Bureau Queen.

Vera is married and living in Greenville where she works at Heijer's.

Ann Mizga, 1958 homecoming queen, married Edward Weckwert and they live in Royal Oak with their two children. Edward, 3, and Kristen, 2. Ed is a teacher.

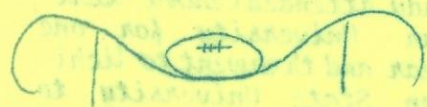

Janet Faling, 1963 homecoming queen is a speech correctionist in Kent County.

Looking through some of our dustier school year (cont. on the back)

Homecoming Candidates

Charles Chapin

Charles "Squirrel" Chapin is one of the king candidates for homecoming. Charley is seventeen and is active in various extra curricular activities. He is a two year letterman in both cross country and track. He is also on the Paper Staff and Student Council. Next to girls, Charley's greatest interest is his 250 Kawasaki, which he rides during the summer when it runs. Squirrel lives northeast of Lakeview on a farm which he refers to as "out in the boonies."

Susan Molitor

Sue was born on January 19, 1954. She says "mom's a housewife and dad's a farmer." She has four brothers and one sister. Next year Sue plans to attend Western Michigan University.

During her high school years Sue has participated in Choir, Student Council, Pep Club, G.A.A., Operettas and this year is Vice-President of the Senior Class, and Treasurer.

Some of her hobbies are sewing, reading, sports (attending and participating in them) and picking apples. Her favorite food is delicious Apples.

Wendell Martin

One of our best track men, Wendell Martin, is running for king. His hobbies are running, hunting, and fishing. He has many favorite songs, such as "Share the Land," "Brown Sugar," "Gypsies, Tramps, and Thieves," and anything by Santana, his favorite group. Wendell's favorite food is pizza and steak, medium rare. For you who don't know the difference between him and Kendell, Wendell weighs more, is taller, and has longer hair. He is now seventeen but will be eighteen October 24.

John Garcia

John Garcia, left guard and linebacker on our varsity football team, will celebrate his 18th birthday this coming January 10.

John's favorite hobbies are varsity basketball and baseball, which he considers his sport.

"Marriane" by Stephen Stills is one of John's favorite songs.

John plans to go on to college after graduation.

Lakeview, Michigan

TAPPA Total Involvement

There is a class that goes on in this school that very few people know very much about.

First, this class is a class for people who are willing to give only the most--total involvement.

Second, you must be willing to work on the assignments given, and be serious and believe that what you do and experience in this class is important to you in life.

Third, you have to be willing to participate with the class and to perform before them as critics.

Everyone in the class will be involved in some part of this year's schedule--2 operettas, 1 play, and 2 other productions that college groups will perform on our stage.

If you are willing to give 100%, then join and become a part of the class 5th hour, Play Production and Theater Arts.

This class is recommended to willing workers only.

Announcement

Because time is needed to clean the school for the adult education classes, it is necessary to ask that all students be out of the building by 4:30. If any group is going to use part of the building after this time an advisor must be with them.

Co-operation, Please

Please cooperate with the requests over the pop machine so we will not be forced to remove the machine.

The first marking period ends on October 29.

Please use common sense when driving around the school. You may have read the articles in the town paper about main street. The next complaints will come about driving around the school. Don't give anyone a reason to complain. Drive carefully!

French Club

The French Club held their first meeting last Tuesday. They elected officers and talked about initiation of new members. James Middleton was elected president; Darla Lindsey, vice president, Mark Bunce, treasurer; Patty Johnson, secretary.

After the meeting everyone enjoyed some French rolls made by a few of the French students.

Gymnastics

"I don't want to join gymnastics and do all those dumb exercises." "I'm no good at that sort of thing. I don't want to join." These are some of the remarks that have been heard concerning the new gymnastics program, but let's get the story straight.

Granted calisthenics are very necessary in all sports especially in warming up, but they are not actually a part of gymnastics. Free exercise, trampoline, vaulting, balance beam, and rings are some of the activities which the gymnastics club will be covering.

Members of the club have

Editorial: In Love With Life

This is a reprint of a fantasy which appeared in the Tiger Tattler, the school paper of Lawrence High School in Kalamazoo.

Title: In Love With Life--or How It Would Be If I Were Killed In an Automobile Accident.

Agony claws my mind. I am a statistic. When I first got here I felt very much alone. I was overwhelmed with grief and I expected to find sympathy.

I found no sympathy. I saw only thousands of others whose bodies were as badly mangled as mine. I was given a number and placed in a category. The category was called "Traffic Fatalities."

The day I died was an ordinary school day. How I wish I had taken the bus! But I was too cool for the bus. I remember how I wheedled the car out of Mom. "Special Favor," I pleaded. "All the kids drive." When the 2:50 bell rang I threw my books in the locker. I was free until 8:40 tomorrow morning! I ran to the parking lot--excited at the thought of driving a car and being my own boss. Free!

It doesn't matter how the accident happened. I was goofing off--going too fast. Taking crazy chances. But I was enjoying my freedom and having fun. The last thing I remember was passing an old lady who seemed to

feature story the Candyman Commeth

If any of you are wondering why certain students are wandering the halls of LHS carrying a cardboard box under their arms, you have probably met a Senior. This Senior is probably trying to find a prospective candy buyer. The Senior Class is having a candy sale. They are trying to raise some needed money to take care of Senior expenses.

One day the Senior Council met and decided to stage a candy sale with the help of all the Seniors. About a week later, the Council was visited by a man from the candy company. The salesman was kind enough to bring some candy samples along with him. Needless to say, several Senior boys finished their lunches with "sweet" desserts (5 or 6 pieces)!

The Council then used advanced Mathematics to calculate the number of candy boxes and the profit the Class could make. Last Friday, two thousand boxes were unloaded at the school.

Then the selling Began! Each Senior was given a money envelope and 12 boxes of candy. The rush was on to see who could sell candy to any LHS student before another Senior got to him. No matter how hard the Senior salesman looked for a buyer, he only met other Seniors in the hall lugging the candy under their arms. As a Senior met a fellow Senior the instant cry was, "Hey, would you like to buy a box of candy?"

con't. page 3 col. 3

Sports:

On Friday, Oct. 15, the Lakeview Wildcats ran their winning streak to two games with a 21-6 homecoming victory over the Carson City Crystal Eagles.

The Wildcats were first to score when in the second quarter Matt Marshall plunged into the endzone from two yards out. Raul Morales kicked the extra point to make the score 7-0. Then later in the quarter Curt Dishong pounced on a Carson City fumble at the 17 yard line, two plays later Morales passed to Mike Lindsey in the corner of the endzone to make the score 13-0. Morales then hit the conversion kick and the Wildcats went to the locker room with a 14-0 lead.

The second was almost even, as neither team was outstanding on defense or offense. The Wildcats also scored first in the second half as Morales sneaked across the magic line from 1 yard out. He also added the extra point to complete Lakeview's scoring. Carson City scored late in the game after they moved down the field with the help of Lakeview penalties. Their scoring play came on a 3 yard running play up the middle.

This week the Wildcats travel to Edmore to do battle with the first-place Montabella Mustangs. It should prove to be a good game, so be there. We need your support!!!!

Golf

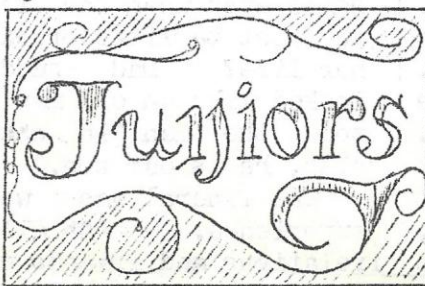

The Lakeview Wildcat Golf team won their last meet Monday defeating the Eagles of Carson City. The final score was: Lakeview-173, Carson City-191.

In this meet Stilson received 40 strokes, Goolsby and Hawley received 45 strokes. Dave Nielson got 43 strokes and Peterson made 47.

Under the fine coaching job of Coach Mount, the team had a very fine year.

CHEERLEADING

Have you noticed who's been selling candy every noon? They're your friendly cheerleaders. Watch for their new uniforms and pom-poms. They've been working hard to raise money for them. They're working on a new pom-pom routine and hope to do it for you soon. They're still practicing hard, so they'll not only look good in their new uniforms, but cheer good, too!

Buy a Boxful !!

The response was, "No thanks, but if you run into anybody who would like some candy just let me know. Say--are you sure you won't buy a box form me for 75¢?"

Parents of the Seniors helped sales considerably. If a Senior went home, opened a box of candy, and then passed it around to family members, he usually was one or two dollars richer!

Remember, if you are candy hungry, any Senior will gladly sell you a box of boxes of Flippers, Mint Paddies, Crunchies, or Bun Swingers!!!!!!!!!!

(The preceding was a paid political announcement for the Class of '72.)

ACT & Seniors

Seniors, daring to discover how they could do on an ACT test, traveled to MCC Saturday, October 16. Upon arrival, we were asked to show them out "Proper" identification and to be sure we had only #2 pencils. The test covered 4 areas-English, math, social studies, and science. We had a break after two tests at which time coke was served and consumed within fifteen minutes (which usually takes you an hour to drink.) Of course, you deposited the cans standing up just in case someone didn't attempt the fifteen minute pop-drinking record. After the test we received an MCC paper and an ACT financial aid statement. Everyone enjoyed looking at the beautiful scenery on the way home after getting up at 6:00 a.m.!?!

Attention all Hunters

Going hunting this year?

If you are, and are between the ages of 12 and 16, and don't have last year's license, you have to take a gun safety course. This two-day course can be taken at area schools. The students who go will be taught safety, shooting, shooting skeets and traps, handling, and parts of the guns.

Some rules to follow for deer hunting are:

1. You have to buy a license which costs \$7.50. You must be 14 years of age to buy a deer hunting license for gun and 12 years of age to buy a deer hunting license for bow and arrow. Your parent must sign for your license if you are under 17 years of age.
2. Use the right gun--any gun that is a center fire such as 30-30, or a shotgun such as 12, 16 and 20 gauge. Center-fire pistols and revolvers legally carried may be used but are not recommended. No rim fire rifles (such as a 22 caliber rifle) or revolvers may be used.
3. Obey Horton's Trespass Law, which reads, "This law prohibits hunting on any farm lands or farm wood lots, or on roads or highways in farm land areas, or within any enclosed or posted lands without permission of the owner or person leasing such land."
4. If you are under 17 years of age you have to have a parent or someone who is 17 or older with you.

NOW LET'S SEE YOU BAG THAT 10-POINT!!!!

EDITORIAL: CONT. "LIFE"

be going awfully slow. I heard a deafening crash and felt a terrific jolt. Glass flew everywhere. My whole body seemed to be turning inside out. I heard myself scream.

Suddenly I awakened. It was very quiet. A police officer was standing over me. Then I saw a doctor. My body was mangled. I was saturated with blood.

Pieces of jagged glass were sticking out all over. Strange that I couldn't feel anything. Hey, don't pull that sheet over my,

dead. I'm only 17. I've got a date tonight. I'm supposed to grow up and have a wonderful life. I haven't lived yet. I can't be dead.

Later I was placed in a drawer. My folks had to identify me. Why did they have to see me like this? Why did I have to look at Mom's eyes when she faced the most terrible ordeal of her life? Dad suddenly

looked like an old man. He told the man in charge "Yes, he is our son."

The funeral was a weird experience. I saw all my

from column 2

toward the casket. They

passed by, one by one, and looked at me with the saddest eyes I've ever seen. Some of my buddies were crying. A few girls touched my hand and sobbed as they walked away.

Please ~~somebody~~ wake me up! Get me out of here. I can't bear to see my mom and dad so broken up. My grandparents are so wracked with grief they can barely walk. My brother and sisters are like zombies. They move like robots. In a daze. Everybody. No one can believe this. And I can't believe it either.

*

Please don't bury me! I'm not dead! I have a lot of living to do! I want to laugh and run again. I want to sing and dance. Please don't put me in the ground. I promise if you give me just one more chance, God, I'll be the most careful driver in the whole world. All I want is one more chance. Please, God. I'm only 17.

There will be a class in first aid held at the high school starting Tuesday, Oct. 26, at 7:00 p.m. This will be the standard course and will lead into the advanced course. The class is designed for all people, youth and adults. If interested, contact Dick Brown, Lakeview Community School Director.

Highlights of Homecoming

PRE-GAME

It was exciting at the homecoming when Mr. Coon said, "We will stand and sing the National Anthem, and the lights will be out for this occasion." There was a puzzling thought in my mind, "Why must they have the lights out?" Then, as the band started to play and the audience began to sing, there was a big boom and up in the sky there was a big flash. I said to myself, "It's fireworks; I didn't expect them."

After the game I asked some of the people what they thought of the fireworks along with the National Anthem. Some said that they looked beautiful; others said they didn't care for them. But the true feeling I got was that it made me feel loyal to my country. It even brought tears to the eyes of some adults. And that's the feeling I think it was meant to give to everyone.

Half-Time

Last Friday night, the moment all Lakeview had been waiting for finally arrived. The special event, the crowning of King and Queen.

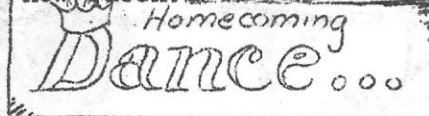

It was an exciting moment as the cars came through the gates and slowly proceeded around the football field.

(cont. from column 1)

At last the crowning took place. Here to crown the new King was Alan Charnley, King of '71. Markay Moon, the reigning queen was here to crown our new queen.

Now, as the crowd is gathering to the fence, Mr. Hansen is getting ready for the announcement. We all heard that John Garcia was our King and that we should attend the dance to see him get his crown. Finally, we heard that Brenda will be the '71-72 homecoming queen. While Queen Brenda went around the track again, the band played, "Hello, Dolly."

All in all, everyone seemed pleased with our new queen.

John Garcia and Brenda VanNortwick were honored at the homecoming dance, last Friday, as King and Queen of LHS.

Present at the dance were two disc jockies from WZZM, a Grand Rapids radio station.

WZZM's top 40" lists were available at the dance. Two lucky people—Mike Fleck and Jerome Case—who had lists with the disc jockey's signatures at the bottom, won albums.

At the dance there was a special dance contest. Because John and Brenda were the honored King and Queen, They judged it.

cont, from column 2.

They chose as winners of the fast dance, Gail Rodamer and his sister Linda Kohler; and as winners of the slow dance, Mike Keller and Gloria Shaw.

The student council sponsored the dance, put up decorations, and found chaperones. For their efforts they received over \$400. End results of the dance -- a big success.

The freshman class has been busy preparing for homecoming. They decorated their car with pink and white Kleenex flowers and their sign was white with pink flowers spelling out "Class of '75." The car was donated by Bollinger's and driven by Don French.

(cont. from pg. 1 col 3) found that stunts which they thought impossible have become quite easy under the excellent teaching of Mr. Tillmen and the encouragement of Mrs. Moore.

The group would like to see more students participate in this sport. If you like individual gym activities this is for you.

FHA attend convention at Plainwell

Last Saturday, October 23, about 20 of our FHA members attended the regional FHA meeting at Plainwell. Roll call was taken to see what chapters were present, how many members those chapters had, and how many of those members were present. The candidates for the 1971-72 regional FHA offices were introduced and were voted on at noon. At noon the girls were entertained by a musical group from Cedar Springs. After lunch Mr. Darrell Thomas, Assistant Professor at Western Michigan University, spoke on the theme of the meeting: "Do unto others ...FHA." Following this was a short business meeting and the announcement and installation of new officers.

Throughout the day, skits were performed and songs were led by the songleader. Awards were presented that afternoon for attendance, exhibits, and scrapbooks. The Lakeview Chapter received third place for the scrapbook.

Transportation for this occasion was provided for the Lakeview Chapter of FHA by the Montabella Club.

Seniors help the Sweet Tooth

The Seniors have been busily selling candy for the past two weeks to earn money for Senior expenses. The sale is still on, so buy your candy now!

Calendar

Mon. Nov. 1 - retakes from 9,10,11 grade pictures
Tue. Nov. 2 - Cross Country TCAA at Carson City
Wed. Nov. 3 - Powell studios at 1 o'clock for group pictures
Thurs. Nov. 4 - JV Football with Portland Here 7:00
Fri. Nov. 5 - Varsity Football with Portland Away 8:00

Juniors and

PSAT/NMSQT

During the first three school hours Tuesday morning, 21 juniors competed in the PSAT-NMSQT test.

This test compares the abilities of a student in the fields of English and mathematics with the abilities of other students around the country. There are scholarships offered for superior work on these tests.

Organizational Meeting:

f.b.l.a. 

On Wednesday, October 20th, the FBLA held a meeting in the bookkeeping room at 12:30. The first thing we did was nominate members for various officers: President, Vice President, Secretary, Treasurer, Historian, Reporter, and Parliamentarian. We decided to have campaign speeches presented to us by the members who were nominated for the different officers, instead of voting on them at the meeting. The speeches will be presented to the club on Monday. Then we will vote from there.

Our next step was deciding on how much we should have the dues. The club dues will be \$2.00.

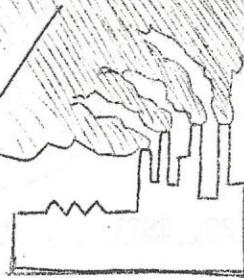

The meeting was adjourned at 1:00.

Another meeting was held Monday noon. Campaign speeches were given. The new members are President, Deb Carlson; Vice President, Jenny Towne; Secretary, Donna Hubbard; Treasurer, Alan Bennett; Reporter, Holli Imhoff; Parliamentarian, Penny Gummer; and Historian, Dolinda Riley.

Don't forget Halloween is this Sunday. Have fun!

Editorial

Stop Pollution!

Pollution! Everyone seems to know what it is, but what are we as students and teenagers doing about it? I see students who will criticize dumping garbage into a river a river, but will think nothing of dropping a candy wrapper there. There are others who are careful to put their rubbish into proper waste containers. These are the nonpolluters. Sure there will always be a pollution problem but we don't have to add to it. It's too bad some of us do not take pride in our environment. Those that do care, please spread your ideas about, keeping our environment clean. Maybe some will take the hint. STOP POLLUTION!

STRANGE CREATURES--1971

The Tin Can Bouncer
(Litteras Innas Koolas)

* * * *

This creature can rarely be noticed, except during noon. Both gender (as they do come in both gender) can be found sprawled upon any Pop vending machine during this period, chatting away in gay abandon about how to open the cans with their noses, their hoses, and their teeses, but never with their hands. Once the cans have been opened, the creatures will drink maybe a whole fifth of it, and proceed to do a little ballet through the school, with the unfinished can in one hand and a basket of scrap paper in the other. After the first six movements of their dance (by which time they have descended upon the gym), they turn the baskets over their heads and continue through movements seven to fifteen as the paper slowly flutters to the ground. They then take the pop cans so religiously guarded during the dance and throw them at the nearest brick wall, laughing as the pop paints the last concrete block a sticky purple. Although this species is very small in number, it is the only one that measures are being taken to make extinct.

con't. page 4 col. 3

Sports: Wildcats vs Mustangs

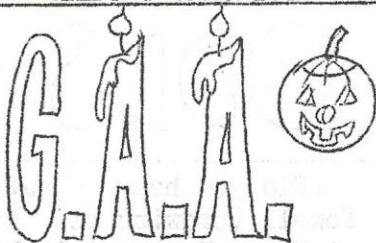

The Lakeview Wildcat J.V.'s worked hard at beating the Montabella Mustangs last Thursday. Dave Van Vlerah kicked a field goal in the first quarter making the score 3-0. This was the final score of the game.

It was an exciting and thrilling game, marking the third victory in a row for the J.V.'s.

Seniors choose Announcements

The Seniors are already preparing for next June by ordering their graduation announcements. The styles were voted on last Tuesday and style B was chosen. This is the vertical announcement.

The Class has not as yet chosen the colors for their caps and gowns, but it was decided that one of the colors would definitely be green. The Senior Class Council is still deliberating over the other color samples.

The GAA sold candles last week-end as a money making project. They made one dollar on every candle sold. The money will be used for the GAA's foster child and for trophies and awards.

Pneumonoultram- what??

What's the longest word in the dictionary? It's "pneumonoultramicroscopic-silicovulcanoconiosis."

The 45-letter jawbreaker is a long disease afflicting miners, and is caused by inhaling very fine silicate or other rock dust.

The 28-letter 'word' thought to be the longest, "antidisestablishmentarianism," isn't even in Webster's Third New International Dictionary. It was created only as an example of a long string of letters.

Letters to the Editor

Shortened Noon Hours

Everyone here at LHS is now aware of the new rule regarding the extended first hour and the cutting of ten minutes from the lunch hour.

As I have been informed, the reason for this is to stop the smoking in the parking lot at noon. Does everyone remember that last year we only had 30 minutes for lunch and that quite a few kids were sent to the office for smoking during this time? It is my opinion that the people who are smoking would smoke if we only had 10 minutes for lunch. So why take away those 10 minutes that many of us use for studying for afternoon classes or just relaxing from the long morning ones? The disciplinary action needed to stop smoking should be left up to the parents, not the school, and should not interfere with the students who are not smoking but enjoy(ed) our 50 minute lunch hour.

MODERN HIAWATHA

He killed the great bear Modjokivians.
Of the skin he make him mittens,
Made them with the skin side outside.
He, to get the warm side inside,
Put the inside skin side outside.
He, to get the warm side inside,
Put the inside skin side outside,
Put the warm side fur side inside.
That's why he put the fur side inside,
Why he put the skin side outside,
Why he turned them inside outside.

(Excuse us, Mr. Longfellow!)

(cont. from pg. 2. cl. 3)

Would you like to buy....

1. The GAA girls are selling candles to help support Tai shuk Ling. They also need money to buy the trophies, letters, pins and certificates which the girls will be winning with the number of points they earn.

2. The FHA are using the money profited from selling panty hose to build up their treasure.

3. Candy is being sold by the seniors to cover the Seniors' expenses.

4. If you're not camera shy, buy candy and baked goods from the Annual Staff's bake sales at noon. This money is going to be used to buy a new camera for the staff.

5. Support your Paper Staff and buy your Wildcat ink pen. See any staff member today. There is a limited quantity.

Did you hear about Mr. Powell throwing his baton at Mary Youngman in band? While swinging his arms up to start the band, his baton accidentally slipped out of his hand and hit Mary on top of the head.

Have you seen the funny looking hands of the art class? They have been tie dying with reds, purples, and blues.

After fixing a typewriter, the typewriter repairman picked up his briefcase and about three cases of little, tiny bits of typewriter parts fell all over the floor.

Flies have fleas. This fact was proven by Mr. Namanga in his first hour bookkeeping class.

Put your heart and soul in all you do.

The Lab Man
(Phisicus Labus Al-das)
Timeus)

* * * * *

This creature is only seen during the five minutes between classes..never at noon half-hour, never at study hall. When he is seen, his eyes give the glassy appearance of someone who has been glaring at pin points of light and straining to see the difference between Phylum Arthropoda and Phylum Platscope (my third cousin was sent to an aphyllum). His fingers have the look of hands dipped in wax--probably because they have been dipped in wax trying to make a one candlepower candle. "Fingernails aren't very good candle wicks.... Theorem XIVA." If caught unaware in the lab itself, he can be seen hanging from the ceiling drawing out a ripple tank experiment. There is no great demand for this creature in most of everyday life.

Dr. N. Anna Peale
The Halloweeny Creature
(Spookus Abootus)

As the name implies, the Spookus Abootus can only be seen in the gloom of night. Regardless of the date, this creature is out Trick-or-Treating with his little candy bag. After about nine months of this, he takes his amused wealth of goodies, gobbles them, and then prepares to hibernate for the winter.

The rumor that there will be a rise in the price of milk is an odder exaggeration

I Saw A Rooster

Look over yonder
What do you see.
It's that big red Rooster comin' after me.

He's coming to take me away-
He's taking me to that world beyond today

He does not know, I will not go.
Open the ground door!- I must hide below.

What do you think? What shall I say?-
That rooster's getting closer to taking me away.

I'll just hide till he goes away.
And hope he'll go and won't come back the next day.

LHS

Band plays at Ferris

Last Saturday the LHS Band went to Big Rapids, along with several other bands in the area, to participate in the Ferris State College half-time activity. This massed band show occurs annually at the FSC Homecoming Game.

The bands, having received their music and formations earlier in the month, practiced together for the first time Saturday morning for about an hour and a half. After this rehearsal they were given complimentary lunches and allowed to rest before the homecoming activities that afternoon. At 12:15 the bands boarded their busses and were taken to their respective positions for the start of the parade. After the parade the bands once again boarded their busses and were taken to the football field to watch the Ferris vs. Findley game. At half-time the bandmen, numbering over a thousand, along with the FSC Marching Bulldog Band, formed the words "FERRIS," "MUSIC," and "ALUMNI." Our band returned to Lakeview after a job well done.

Friday night the Seniors played their last LHS half-time and pre-game shows. "Charleston" was played pre-game, featuring the majorettes and drum major. At half-time

Seniors to know What they look like and stuff like that

The Seniors are anxiously awaiting the arrival of their pictures. H.A. Powell studios will be here on Wednesday, November 10, to deliver the Senior's Pictures. The balance of your order must be paid when you receive your pictures.

In a few weeks, Seniors will be measured for their caps and gowns. The class colors are dark green and light green, with all graduation robes being a dark green color.

Announcements have been ordered and will be delivered next Spring. Senior keys and Memory Books should arrive within a few weeks.

There are as yet no definite answers about a Senior Trip. However, the Senior Council is discussing ideas for possible trips. If you have a reasonable suggestion, notify any Senior Council member.

Saturday, November 13, at 8:00 a.m., Seniors will be taking the Michigan Competitive Scholarship Test. The test will be given at Montcalm Community College. This test is a scholarship program which might enable a student to qualify for a financial scholarship or aid.

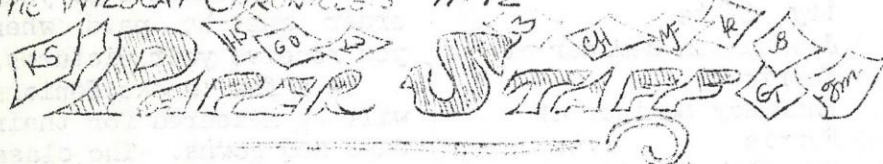

Many Class members have

Editorial:

*It's your school, too—
get involved!*

Do you love your school? You could and you should. School doesn't just mean coming from 8:00 to 3:00 and going to classes, but also participating in the many activities of your school. School should be like your home. Doing things within your school should make it more interesting. Those of you who complain about hating school, are the ones who aren't in any activities. So why not look into what activities are available and join them. You'll find that school isn't so bad after all.

HOMEWORK

Doing homework. It's something we all do..... supposedly. And as with all jobs there are several ways to get your homework done. Type I is the "watch television with one eye and homework with the other." Type II is the "stereo with one ear and both eyes on the homework." This type has its advantages, but one disadvantage is writing down the words to your favorite song on your English paper. Then there's Type III. This person amazes everyone; he's the "stereo with one ear, television with one eye, and telephone with the other ear." That is not easy if you've ever tried it! Type IV is the "don't do any homework and pray for an early snow-storm." Oh, pardon me, there's also the .005% of students who get all their work done in class and have not got any to take home.

1st. Advice for the "watch television with one eye." If you are under sixteen, turn the television on Paul Harvey or the news; if you are over sixteen, turn on Senior Citizen News. (In case you're not sure Senior Citizen News comes on Sunday morning at 7:55.)

2nd. For the "stereo with one ear," make sure there's a bountiful supply of Wilbur Brothers records around and throw in a few Hoozer Hotshots records, just to keep you awake. (For those of you who don't remember the 1930's, the Hoozer Hotshots were a rock group!)

cont. on page 3 col. 2

Sports:

VARSITY FOOTBALL:

Cats vs Pirates

On Friday October 30, the Fulton Pirates invaded Kos Field to do battle with our Lakeview Wildcats. Much to their disliking, they had a long ride home as the 'Cats made a victorious score of 21-0.

The win was the 3rd in 4 home games for Lakeview. It also was the last home game for the Seniors who play Varsity Football.

The action started with Fulton receiving the opening kickoff. After 3 downs the Pirates were forced to punt. Lakeview immediately put on a scoring dive that ended with a 4 yard pass from quarterback Raul Morales to halfback Matt Marshall. Morales made the conversion to make it 7-0. Again Fulton was unable to move the ball and forced to punt.

The punter was pressured into making a poor kick which rolled dead at their own 14 yard line. From there it only took the high-flying 'Cats one play to score. It came on a trap play off the left side of the line with Mark Olsen carrying the ball to paydirt. Morales again made the conversion to make it 14-0.

In the 2nd quarter, Lakeview recovered a fumble at the Fulton 39 yard line. From there, Morales and Lindsey hooked up on a 38 yard pass play that ended on the one. Then the 'Cats' Morales sneaked it in for the score. For the third time, Morales kicked the extra point to make it 21-0.

The second half was a very poorly played half by
cont'd next colm.

Football cont'd

both teams. It was plagued with penalties and missed assignments. The 'Cats, who had seemingly lost their fumble fingers, found them again in the second half. They fumbled the ball a total of 5 times losing it twice.

The leading tacklers for the night were: John Garcia, (6 tackles, 2 assists) and Bob Guthrie (5 tackles, 6 assists). Bob Waite recovered a Pirate fumble and Dave Andresen picked off a Fulton Aerial.

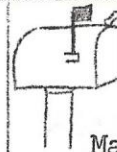

The Wildcats are on the road again this week. Their past record away shows them with 3 defeats. Let's get out and help the 'Cats bring back a victory from Portland.

SENIORS cont'd from Page 1
been talking with the counselors about colleges, trade schools, universities, and occupations. They have been filling out various college applications. A number of Seniors have already been accepted at several Mich. Colleges.

feature story —
continued

3rd. for the amazing "stereo with one ear, television with one eye, and telephone in the other ear," follow the advice of 1 and 2 and also call up your neighborhood gossip. She'll keep talking, but you won't have to say a word.

For you people who don't do any homework, the only advice I can give you is... move to the South Pole.

LETTERS TO
THE
EDITOR

Many people I have talked to lately have been griping about the problems of the school. For instance our shortened lunch hour, our inability to have visitors, and a number of other things. Then we had a chance to do something about it, to talk to an administrator who wanted to hear our arguments on both sides of the issue. Mr. Ford took time to sit down and listen to us. What happened. No one came. We had time to complain but no time to do anything about it. I think that whatever happens to us we deserve since we don't seem to have time to do anything about it.

Concerned
Student

BAND - from pg. 1

the band turned and marched away from him. This continued until the drum major, while marching backwards, fell over him. At this time the entire band mobbed him, ripped off his clothes and breaking his camera. Mr. Powell ran on the field and told everyone to return to his place, at which time it could be seen that the photographer was gone. The band then marched off the field.

The band members would like to thank Mark Bunce for making the camera for the half-time show. They also wish to thank the home-ec department for making the blue and gold LHS covers for the bells of the bass horns.

BUILDING TRADES: MORE HAMMER, HAMMER POUND, POUND

One of the many new classes being offered this year is the Building Trades class. It is offered in a 2-hour block, fifth and sixth hour and is supervised by Mr. Charnley.

At this time, about 14 boys are taking part in roughing-in a house just across the road from the student parking lot. Before the roughing-in started, many other steps were taken. First, the school purchased the land through the approval of the school board. Then the students surveyed it and hired a contractor to dig the basement. After the boys poured the forms, the basement walls slowly but surely began to rise up. Now, the bricking is nearly complete and the decking and its supports are being worked upon.

Plans call for the entire building to be roughed in before the snow flies but time may run out on them. When the roughing-in is finished the shop classes will construct cabinets and other fixtures while the Home-Ec classes will work on interior decorating. All in all, everyone involved will find satisfaction in "learning by doing."

MOTORCYCLES

Have you ever wondered how many of your friends, after school, turned wild? A poll of many of the seniors who owned bikes was taken last week, with these results:

Kawasaki led the pack completely, followed by Honda, then Yamaha. The bike sizes ranged from trail 70's to 350 street scramblers.

Many of the motorcycles were paid for by the seniors themselves with some instances of parents helping out a little and a few buying them completely.

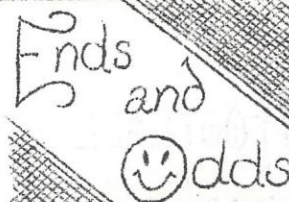

Neighbors seem to be half for and half against bikes. Many of the neighbors have no bad feelings about the bikes or their riders, but a very few have gone as far as to call the local police station to complain.

None of the seniors interviewed have been in any trouble with their bikes, but they have all taken spills, getting right back up again.

The FHA girls have been busy lately, planning their initiation slumber party to be held Friday night, November 5, in the Home Ec. rooms. During school Friday, new members to the club will be dressed in initiation garb.

The FHA girls are still selling pantyhose. Contact a member if you are interested in purchasing some.

"Bozo" and his pet zebra were seen through the windows into certain classes last Friday.

"I wonder what's wrong with Mrs. Darrow, she's wearing two different kinds of shoes." Concerned students were discussing the possibility that she had dressed in the dark, or that she wasn't "quite" awake. Then Miss Diamond came in wearing boy's tennies and a mismatched belt and hair ribbon. Miss Freeland was wearing three different kinds of prints and Mrs. Hac man was wearing a green plaid jumper and bright pink printed blouse (not to mention a different colored stockings and shoes.)

Had the teachers really gone bananas? No. It just their Halloween "trick."

The United We Stand All Faith Youth Group is having their first meeting Sunday, November 7. It will be held at 6:30 at the United Church of Christ Youth Building.

All the high school students of the churches and of the community are invited to attend these Christian Fellowship meetings. We will have fun and fellowship at each meeting.

Dress warmly in case of cold weather for great fun.

Community Education:

Baby-Sitting Services

Community Education wants to set up a local baby-sitting service. Any students, boys or girls, who would be interested in aiding this service, by baby-sitting for children in the community, leave your name and telephone number with the Community School Director, Mr. Brown. When anyone calls the school in need of a baby-sitter, we will provide one. Students will be paid for their services.

Ferris pharmacy career day held

Pharmacy Career Day was held at Ferris State College last Saturday, November 6, in the Science Building. Dean Richard A. Ohvall of the School of Pharmacy welcomed everyone to the campus. After this there was a guided tour of the Pharmacy laboratories and classrooms, the guides being students of the School of Pharmacy. Demonstrations were given in some of the labs. A bus tour of the whole campus concluded the morning's activities. Free lunches were provided by Walgreen Drug Stores.

After lunch Mr. Karl Walker, Director of Admissions, told about admission requirements and financial aids at Ferris. Slides entitled "All Kinds of People," concerning a new approach to the profession of pharmacy, were shown. Admission to the School of Pharmacy and the program leading to licensure as a pharmacist was discussed by Associate Dean Clark A. Andresen. The day was ended with the film "How Much is a Miracle?" Free brochures on pharmacy and Ferris were handed out following the film to all who wanted them.

editorial: It's whose fault??

As I walk through the halls I hear many people complaining about this cut in our lunch hour, in fact, for a while, I complained about it too, until I took a good look at the reasons given to us for the cut. I realize now that we, the students, brought this lunch cut down on ourselves. The main reason given to us for the cut was that many of the students were taking a large portion of their noon hour and were spending it out in the parking lot smoking. Many of these people are the ones that are doing the most complaining, even though they know if we are to have any chance to get our longer lunch hour back they are going to have to prove to Mr. Ford that they can make better use of the time they have now. Yet you walk outside at noon and look out at the parking lot and you see these same people out there smoking away their noon hours. If we don't get these people to quit smoking on the noon hours, we may end up losing another part of our noon hour, and we will keep losing part of our lunch hour until there is no more lunch hour to be cut. We will have just enough time to eat and then have to get right back to class and start working again. That's certainly not what I want; how about you?

"Am I Sure?"

"Am I sure?" is the question all deer hunters should ask themselves before they pull the trigger.

Too many innocent bystanders are being shot and/or killed by stray bullets and not-so-positive hunters.

Last year at deer hunting season, a man and his son were out hunting. Mr. Mullen showed his son where to sit in the woods. It was at one end of the swamp. Mr. Mullen seated himself on a stump at the other end of the swamp. The young boy heard shots around him, but saw no deer. When it became dusk, he went to find his father. The boy found him--slumped over and shot in the chest. How was anyone to know what Mr. Mullen was when he moved? He wore a green suit.

Another incident was when two girls were riding through the woods on a snowmobile. A hunter, James Walker, 42, saw the white hair flashing around, as though it were a deer's tail. Mr. Walker took aim and shot. He went to see what prize he'd bagged. As Mr. Walker came closer, he heard crying and screaming. Then the whole scene came into view: A girl sobbing over a body with its stomach shot out. Mr. Walker had his license for any kind of hunting taken away for three years, but he will never hunt again.

But can he be completely to blame? After all, these girls wore tan fur coats.

con't. page 4 col. 3

Sports: Wildcats vs Portland

Friday, November 5, the Wildcats traveled to Portland to encounter their last football foe of the 1971 season. The result was a very long bus ride home, as the final score showed Portland the victors 24-9.

The Wildcats started out very poorly, by literally giving Portland two touchdowns. Then late in the first quarter, Mike Lindsey got off a 43 yard punt that was fumbled by a Portland player.

Ron Waite hopped on the ball at the one yard line, but the 'Cats were unable to score. Midway through the 2nd quarter, Lakeview drove into Portland territory again. This time they settled for a 21 yard field goal by Bob Guthrie. Later in the same quarter, Lakeview scored again on a one yard plunge by Craig Brown to complete the LHS scoring.

The season's final record shows the Wildcats with 3 wins and 5 losses. The team would like to thank Coaches Boyd and Lang for their excellent job of coaching.

Girl's Basketball the real thing

This year there is a new addition in the athletic department--Girls Basketball. Last year there was a team, but they only had scrimmages with several area schools. The girls will be playing under the same

Cont'd next col.

Cont'd from col. 1
rules that govern a basketball game played between boys.

The Varsity team will consist of Senior and Junior girls. Sophomore and Freshman girls will be playing on the Junior Varsity team. These two teams are coached by Miss Pierce and Miss Jamis.

Sports:

A week ago last Tuesday the Cross-Country team traveled to the Carson City Crystal's cross country course to compete in the league meet. The team arrived early enough to tour the course once and make sure they knew it well.

The reserve meet was held first, with Lakeview's Rick Kempton taking 3rd. Others participating in it were: Steve Farrell, Scott Mieus, Bill Ruble, and Robert Rossman.

After the reserve race, the Varsity run began. In this, the individual winner was Mike Burns of Carson City.

For Lakeview, Wendell Martin took 4th, Gordon Olson 8th, Jon Comden 11th, and Al LaShall 14th. Others in this race were: Joe Childer, Dan Scott, and Dick Olson. Lakeview took 2nd place in the meet and also finished 2nd in the league.

Freshmen Cheerleading

Sophomores and CMU football

The CMU football game will be the scene of the sophomore class party, Saturday, November 13.

The class will be entertained by a live band in the field house, and will then be given a free lunch. They plan to arrive at CMU by 12:00 to listen to the band before the CMU vs. Hofstra game which begins at 1:30. After the game they will load the busses and travel back to Lakeview.

Sports: Girls Basketball Lakeview vs Montabella

Tuesday after two weeks of practice, the Girls' Basketball team went to Montabella. With high hopes and a few shaky knees they arrived at Montabella High School at 6:10.

The J.V. game started at 6:30 with a fast 2 points for the other team. Lakeview didn't score until the second half when Brenda Dishong made 3 points. The final score was 32 to 3.

The Varsity went out there with determination. Unfortunately, the first half ended with a score of 33 to 2. One point was made by Val Sheler and the other by Marilyn Main; both were free throws.

Marilyn made another free throw in the second half. At the end of the fourth quarter the score was a crushing 77 to 3.

Coach Pierce commented: "Those girls learned more in five minutes of that game than in all their practices put together."

F.h.a: aprons, brooms, and panty hose

If you are the normal observant person, you probably noticed some aproned girls dressed with mismatched shoes and socks and carrying brooms around in school last Friday. They are first-year FHA members who were participating in their informal initiation for this year.

The FHA girls are still selling panty hose, so, girls, let's all buy a pair or two. Just ask any FHA member or the advisors, Mrs. Darrow and Miss Free-land.

Atomic Energy Commission

Presents

Mr. J. Ross and his Van
De Graf Band!!

Mr. J. Ross, of the Atomic Energy Commission, presented a demonstration Wednesday in the high school gym. With the help of many "volunteers" he demonstrated the structure and the breakdown of the atom, and the uses of the atomic energy and radiation obtained.

His first volunteer, Jackie Green, assisted him in demonstrating the affects of the Vande Graf generator. His next three assistants, picked with the help of whiffle balls, aided him in showing that people cannot become radioactive. Mr. Ross' final helper assisted him in demonstrating how diseased, plant growth, and mineral deposits are traced using radioactive materials. Mr. Ross also brought to our attention the use of radiation in preserving food and mak-

(cont. col. 2)

(cont.)

ing some paints for pottery.

After the assembly was over Mr. Ross proceeded to the science wing where he gave more specific demonstrations to the biology, chemistry, and physics classes.

On the whole the demonstration was well received. And for those of you who were not really interested at least it got you out of second hour.

"His Land" to be presented Saturday

On Saturday, November 13 at 7:30 a movie entitled "His Land" will be presented in the High School Cafetorium. This is a movie presented by Billy Graham Publications.

"His Land" takes you through Isreal in the company of Cliff Richard and Cliff Barrows. Bibles in hand, they relate today's events to the prophecies of Scripture. This film gives a beautiful insight into the Holy Lands.

This musical motion picture will present appealing photography and a real message that you will not want to miss. Everyone is invited.

FRESHMEN CHEERLEADING RESULTS

The Freshmen cheerleaders for 1971-72 are:

Annette Abbey
Dee Baker
Marilyn Goulet
Vicki Richards
Brenda Schultz

Lakeview High School

Lakeview, Michigan

Marcia Frandsen chosen Miss D.A.R.

Marcia Frandsen, daughter of Mr. and Mrs. Alger Frandsen of Lakeview, has been selected as the recipient of the DAR Citizen Award. The Daughters of American Revolution present the award to a Senior girl selected by her classmates and faculty in recognition of her Dependability, Service, Leadership, and Patriotism.

Marcia has always attended Lakeview Community Schools and has participated in French Club, Math-Science, and High School Choir. On the Wildcat Chronicle Staff, she is page editor and feature writer. She works on the Annual Staff and takes part in Student Government.

Marcia is an active member of the Asbury United Methodist Church and is President of the Youth Fellowship.

Besides her activities in school and church, Marcia teaches piano lessons and finds time for her favorite hobby--collecting pictures and articles on American History.

Marcia plans to attend Central Michigan University and study music education.

DAR recipients of the area received a pin at a tea held in their honor at Central Michigan University November 7. Marcia is now eligible to compete for the State DAR Award which will be presented in March to the outstanding 'Good Citizen' of the State.

Calendar

French Club Banquet 6:00 pm

Photos Galore!

Mr. Ferris from Powell Studios was here last Wednesday, November 3, and Tuesday, November 9, to take pictures of organizations, sports, and candid shots of the student body for the 1972 yearbook. Some of the pictures were very formal and organized, while other pictures taken caught the student body and some teachers off guard. Those two days with Mr. Ferris were very successful and the pictures should be in within three weeks so we can get the new yearbook underway.

Counselor's office:

Many honored
juniors and
seniors -

Recently Mr. Cady called eight seniors and two juniors to his office to have a little talk. Those that hadn't seen him before class commenced were fortunate enough to leave during class. We crept out of the room with the sounds of Oh, Ah, and Oh-no! Of course, the time taken to get to Mr. Cady's office was spent discussing our latest tactics and hoping that they were not the cause of this meeting. We went in with big smiles to be sure to have at least one point for our side-confidence. When we learned that we had been chosen as outstanding juniors and seniors, the mouths all seemed to drop. Of course, this was hard to believe and questions were raised. Colleges will obtain this list and will send mail to these students. The seniors include Jackie Bennett, Lisa Clark, Marcia Frandsen, Judy Hubbard, Matt Marshall, Sue Molitor, Mark Olsen, and Kathy Schreiber. Jim Middleton and Dan Nelson are the juniors.

editorial: It's whose fault??

As I walk through the halls I hear many people complaining about this cut in our lunch hour, in fact, for a while I complained about it too, until I took a good look at the reasons given to us for the cut. I realize now that we, the students, brought this lunch cut down on ourselves. The main reason given to us for the cut was that many of the students were taking a large portion of their noon hour and were spending it out in the parking lot smoking. Many of these people are the ones that are doing the most complaining, even though they know if we are to have any chance to get our longer

"Am I Sure?"

"Am I sure?" is the question all deer hunters should ask themselves before they pull the trigger.

Too many innocent bystanders are being shot and/or killed by stray bullets and not-so-positive hunters.

One whole page long feature story: Paper Staff at Ferris

The wind blew at gale force, the clouds obliterated the sun, and the chill index was -30°just the day for a happy outing to Ferris' Journalism Seminar with eight eager bodies and the one and only Mrs. Hachman.

At an 8a.m. pre-off-we-go-into-the-wild-blue-yonder meeting, the Chronicle's frozen representatives warmed their hands (and other things) and were greeted by the bloodthirsty, bright-eyed and bushy-tailed FHA, under the command of a certain Miss F_____, who, with their commander, had spent the night at school (though it is uncertain as to why anyone would want to stay after school---especially overnight! But it was rumored that members were to bring their own grapes.)

The group was then divided equally between two cars (although there were nine people, one was small enough not to count as a whole). For those who preferred a dreamy, relaxed ride to catch up some sleep on, there was a green Plymouth. For those who loved a good scare, had a lot of nerve, and were without high blood pressure, a purple something or other

or stupidity, but they ascended a stairway and promptly found themselves on the wrong floor. Once they got back down to the right floor, they were greeted by a throng of representatives for Ferris and their Yearbook. After being registered, they gathered around two tables in anxious anticipation of the celebrated Ferris-Student-Commons-Coffee-or-Punch-that-looks-like-Cherry-Vodka time. Nobody took coffee.

By now it was ten o'clock, so the happy (see above paragraph for reason) representatives were led into the dome room. After many a fine word via Messrs. Brandsdorfer, McNamara, and Piscatelli, they were released into the custody of the Workshop Heads for Individual Group Sessions (a group sometimes called WHIGS).

After session one came the good(?) part: Lunch. The lunchroom was set up to excite the mind with its brightening and dimming lights. Some people watched them with silent awe; others stood aghast; most exclaimed, "Who's fooling around with the lights???" The lunch should be spared

famine, the group saw that they still had an hour to mess around until the next session. So some braved the biting cold for a quick jaunt through the Library (1/4 mile away) and others decided to blow their minds on Panty Hose at the nearby Supermarket.

The second session-----sometimes called session two-----was then held with either standing room only or a come-one-come-all situation.

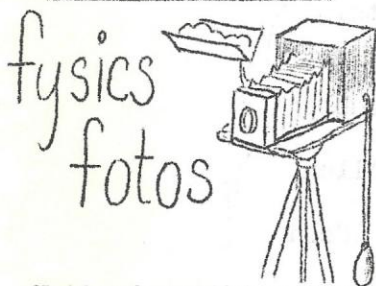

They then proceeded with all the worldly speed of turtles to leave. The majority got as far as the snack bar (with this reporter brandishing his trusty Tootsie-Roll in case of a fight). Upon Mrs. Hachman's request, they were to flit homeward, using the same two methods of transporting mentioned earlier. Yours truly doesn't know how the ride in the auto of peaceful slumber went, as he was spending the time under the back seat in that purple-something-or-other. However, he did notice an extinguished gentleman who played a kazoo, jew's harp, harmonica, flute, and French horn as the others simultaneously told him to shut up.

Cheerleaders ~ sponsors, pom-poms, routines and song

The cheerleaders started out the year with a new sponsor, Miss Bergin. For the first couple weeks they practiced cheers and sidelines.

After a meeting with Mr. Ford, the Varsity cheerleaders were allowed to order new uniforms. The cheerleaders have the job of selling candy to pay back the school for their new uniforms.

The cheerleaders have been working hard on a pom-pom routine to the song "Celebrate". Miss Bergin worked with the girls for 4 or 5 weeks on the routine. The routine was shown before the student body at a recent pep assembly. The cheerleaders will present the routine before the public at a basketball game.

Noticed anything strange about the Physics Lab lately? Well it seems Mr. Ebeling is a camera bug. So he said, "Let there be dark," and there was dark and the whole Lab suddenly became a huge dark room. So let this be a warning, if you are walking past the Physics Lab and you are suddenly overcome with the urge to see what is going on inside, resist; or Mr. Ebeling may be overcome with the urge to KILL!!!!

Letter to the Editor

Dear Editor,

When something unjust and unwarranted occurs, the natural reaction of a functioning human being is to protest. We refer to the unfair voting procedures which the junior class is fond of carrying out.

At our first class meeting the majority of the class voted for disc jockeys to be at our Thanksgiving dance. A few girls found a band which said they would play for about twice as much money as the D.J.'s. Since we had sufficient funds to cover the costs, those girls felt we should pull out on the disc jockeys. The D.J.'s had already advertised on the radio that they would be here, and our class had signed a contract with them.

On the revote the majority of juniors voted to have the band. We were generously released from our contract with the disc jockeys. However, can we honestly expect the people we meet in an adult world to always be so understanding of our childlike attitudes? How can we expect to be treated as adults when we act like children?

fna I

The FNA I class is busy in class getting ready to help the Extended Care Unit patients make Christmas decorations. The girls are helping the patients to be more active and provide the patients with something to do. The first project they are going to do is to make Christmas wreaths out of net. The next project after Christmas will be a decoupage.

Girls Basketball

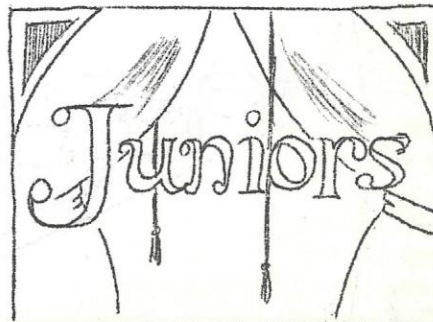

- battle with
Saranac -

The Girls Basketball team traveled to Saranac with hopes of bringing back a victory. Although the final results were a little less than perfect, they're looking better.

The JV's went on the floor with the determination it takes to win a game. Unfortunately at half time the score was 7 - 12. At the end of fourth quarter the scoreboard read 18 - 37 in Saranac's favor. The girls who made the points were:

Brenda Dishong - 9 pts.
Nancy Jeppeson - 4 pts.
Becky Nelson - 3 pts.
Kathy Sorenson - 2 pts.

The Varsity started off the game with the first 2 points for Lakeview. Half time proved to be a little disappointing with a score was 13 - 34. Both Val Sheler and Gale Cogswell made 4 points. Andy Nielson made 3 points and Marilyn Main scored 2 points. Although the girls were defeated they did a lot better than the last time. They all have high hopes of winning the next game.

half ended with a score of 33 to 2. One point was made by Val Sheler and the other by Marilyn Hain; both were free throws. Marilyn made another free throw in the second half. At the end of the fourth quarter the score was a crushing 77 to 3. Coach Pierce commented: "Those girls learned more in five minutes of that game than in all their practices put together."

Results:
Freshmen Overhauled
Page four, col. 2

Martin took 4th, Gordon Olson 8th, Jon Comden 11th, and Al LaShell 14th. Others in this race were: Joe Childer, Dan Scott, and Dick Olson. Lakeview took 2nd place in the meet and also finished 2nd in the league.

This year there is a new addition in the athletic department—girls Basketball. Last year there was a team, but they only had scrimmages with several area schools. The girls will be playing under the same conditions next col.

Thunder on Sycamore Street

"Thunder on Sycamore Street" Cast

Narrator: Jannean Warner
The Morrisons:

Frank - Guy Newell
Clarice - Diane Davis
Roger - Pat Wills
Chris - Alan Hersey

The Hayes family:
Arthur - Alan Bennett
Phyllis - Cindy Mathis
Caroline - Barb Chapin

Mother, Mrs. Harkness:
Laurie Devoogd

The Blakes:
Joseph - Mike Korpall
Judy - Patty Hafey
Anna - Judy Hubbard

The Dentons:
Charlie - Clark Gordon
Grace - Marilyn Bennett

The McAllisters:
Mrs. McAllister -
Kathy Schreiber
Bill - Mark Olson
Ginny - Gwen Mathis

Teenagers:
Mac - Dave Hawley
Irma - Kathy Blumberg

The Fredricks:
Mr. Fredrick - Allen LaShell
Mrs. Fredrick - Adela Shaw

The Schofields:

The play of "Thunder on Sycamore Street" is about a street with houses all alike and people afraid to be different. An ex-convict moves into the neighborhood to start a new life. The people all feel that they can't afford to have anybody different, so they plan to kick the ex-con off Sycamore Street.

All the people on the street get together and form a mob. All the men are against the ex-con. The daughter of the mildest man in town tries to stop the mob, but the leaders of the mob try to stop her. This triggers her father. Then her father, against his wife's wishes, stands up for the ex-con and what he believes.

The play is November 18, 19, and 20. There are less than 300 seats each night. If you would like tickets, see a cast member. The tickets are \$1.00 each.

A three act play

November 18, 19, 20

Thanksgiving in
December??!!

ye lateft fashions~
1620....

Originally Thanksgiving was in December. Thanksgiving day was not always celebrated just once a year. In New England colonies it was celebrated in recognition of such happy events as a good harvest or a victory over the Indians. In the nineteenth century many states just set their own date for Thanksgiving Day. It was in 1863 that President Abraham Lincoln appointed the last Thursday in November as Thanksgiving Day. It was then changed in 1939 by President Franklin D. Roosevelt to the third Thursday; but then in 1941, Congress changed it to the fourth Thursday in November and it has been that way since.

Thanksgiving Day is celebrated in different ways. In New York City the day was celebrated by fantastically costumed persons who paraded noisily through the streets. Children were dressed in their parents' clothes and went around the neighborhoods begging for money or for contributions of fruits and vegetables. (Sounds something like Halloween doesn't it?) Even though Thanksgiving is celebrated in many different ways the meaning behind it is still the same. WE SHOULD BE THANKFUL FOR WHAT WE HAVE.

Thur. Dec. 2 - GAA 7-8:30

This paper is
compliments of
the CHRONICLE's
staff, who
thanks you for
your support.

Back in the days of the Pilgrims, the clothes worn were very strange, yet very exceptional.

The men wore long, dark vests with white collars. They buttoned all the way to the top. The vests were held in place by large belts with large buckles on them. Their slacks were worn very baggy and only came to the knees. The pants somewhat resembled the "knickers" of today. The men's socks were long, which reached their knees, to keep their legs warm. Their shoes weren't very stylish, but were enough to keep their feet dry and reasonably warm. On their heads were large hats with wide brims and a high top.

The women wore long, full dresses. The sleeves were always worn long with white cuffs at the bottom. The women wore either long cloths over their heads or bonnets. Their shoes were not much different from the men's. They were low cut, flat shoes, which tied.

There was one thing that the Pilgrims' men's and women's clothes had in common: The color—it was dark and drab. Because there was no dye to color their material, they seemed to look dressed for a funeral!

Pass the Cranberries, Please

What's for dinner? Along with the poultry (turkey, chicken, duck, or pheasant), stuffing, potatoes and gravy, warm homemade bread, squash, and pumpkin pie should be cranberry sauce.

How much do you know about those cranberries you'll be eating for Thanksgiving? Cranberries grow on a low, creeping shrub in the cooler areas of Nova Scotia, Massachusetts, New Jersey, Wisconsin, and Washington in North America. The shrubs cover the

ground with an interlaced growth of slender, woody stems bearing small glossy leaves, the whole mass being 6 to 15 inches deep.

The berries form after the last frost, usually in late April. Flooding is used at times during the growing season to give protection from frosts and insect pests. In winter, the cranberry bogs or fields are flooded deep enough to cover the plants and thus protect them from winter injury.

The fruit is harvested in September and October by hand with the workers using large wooden scoops. The scoop is a wooden basket covered by a screen. One side is cut out and large wooden "fingers" protrude out to "comb" through the plants and get the berries which fall back into the basket. The cranberries are then washed and sent to canneries in tanks of water to be processed into sauce and preserves.

Which Class is Best??

AN IN-DEPTH STUDY

When comparing the first nine weeks' grades of this year to the first six weeks' grades of last year, there was a marvelous improvement. The number of names on the honorable lists zoomed way up.

Here are the statistics:

LAST YEAR--SIX WEEKS								THIS YEAR--NINE WEEKS							
CLASS	NO. STUDENTS	HONOR ROLL		HON. MENTION		TOTAL		NO. STUDENTS	HONOR ROLL		HON. MENTION		TOTAL		
		#	%	#	%	#	%		#	%	#	%	#	%	
'72	138	22	15%	20	14%	42	31%	135	38	28%	34	25%	72	53%	
'73	147	16	11%	17	12%	33	23%	141	26	18%	22	16%	48	34%	
'74	162	26	16%	16	10%	42	26%	161	21	13%	33	20%	54	33%	
'75	N O T	A V A I L A B L E						153	16	10%	29	19%	45	29%	

LAST YEAR:

1. Class of '72 had the highest percentage on Honorable Mention.
2. Class of '73 had more on the Honorable Mention than the Class of '74 did.
3. Class of '74 had the highest number on the Honor Roll.

THIS YEAR:

1. Class of '72 has the highest percentage on Honorable Mention.
2. Class of '74 has more on the Honorable Mention than the Class of '75 or '73.
3. Class of '72 has the highest number on the Honor Roll.

Which class will have the highest percentage on Honor Roll and Honorable Mention next nine weeks? Will the percentages for your class be higher or lower?

Lakeview, Michigan

MEET A NEW OLD FRIEND

Edyr Mendes Returns

Have you noticed a new face around here lately? If you have, there's a good chance it's Edyr Gomes Mendes.

Edyr, who was a foreign exchange student here four years ago, has returned again to Lakeview. According to Edyr, his only purpose here is just to visit the Molitors and everybody again.

Edyr is anxiously waiting for the snow to fly so he can go skiing again. He also would like to try his hand at snowmobiling, even though he dislikes the cold weather. Seems like the average Brazillian winter has temperatures of around 125° F.

French toast has made a big hit with Edyr, especially when it's made by Mrs. Abby Moliter. As far as American drinks go, that all-American favorite, "Budweiser," seems to have caught Edyr's taste. Of course, you only have to be 18 in Brazil.

It appears that American girls, with blue eyes, are a favorite with Edyr.

When asked about the differences in schools, Edyr had this to say about the Brazillian educational systems. "First, you start prep school when you are four years old and go for thirteen years thereafter. Classes start at 11 a.m. and end at 5 p.m. To get into college, you take a test to determine your grade average, with all A and B students being accepted first. All of the financial aid for college comes from your father."

Up, Up, and Away with the FNA

Our FHA girls are on the move again! They plan to go to either Chicago or Detroit, but the plans are not definite yet. This exciting trip will start early Saturday morning and come to an end Saturday night. The excursion is mainly for the purpose of Christmas shopping, but the girls will also do some sight-seeing. An FHA meeting was held Thursday after school for further discussion of the trip.

We will be entertained next Friday at the pep meeting with a skit presented by the FHA. Also, the girls have a few candles left to sell. If you haven't bought one, or even if you have, consider purchasing one. They only cost \$1.50, and they are really pretty. Please contact Mrs. Darrow, Miss Freeland, or any FHA member if you would like one.

Mr. Boedy of MBC speaks to business students

Early Tuesday morning Mike Boedy, Admissions Counselor from Muskegon Business College talked with bookkeeping and business law students first and second hours. He first talked about Muskegon in general, then went on to outline the curriculum.

Muskegon Business College offers courses for majors in Business Administration, Data Processing, Secretarial Science and Accounting.

Muskegon's two main goals are training and job placement.

Cost for three quarters (36 weeks), with on-campus living will run the student approximately \$1,800.

Courses vary from a Certificate for one year's study to a Bachelor of Science degree after four years.

Calendar Dec. 3- Dec. 9

Fri. Dec. 3 - basketball
with Portland away
7:00

Mon. Dec. 6 - girls basketball with Portland away 6:30
Freshmen basketball with Carson-Crystal away 7:00

Wed. Dec. 8 - Wrestling with Portland away

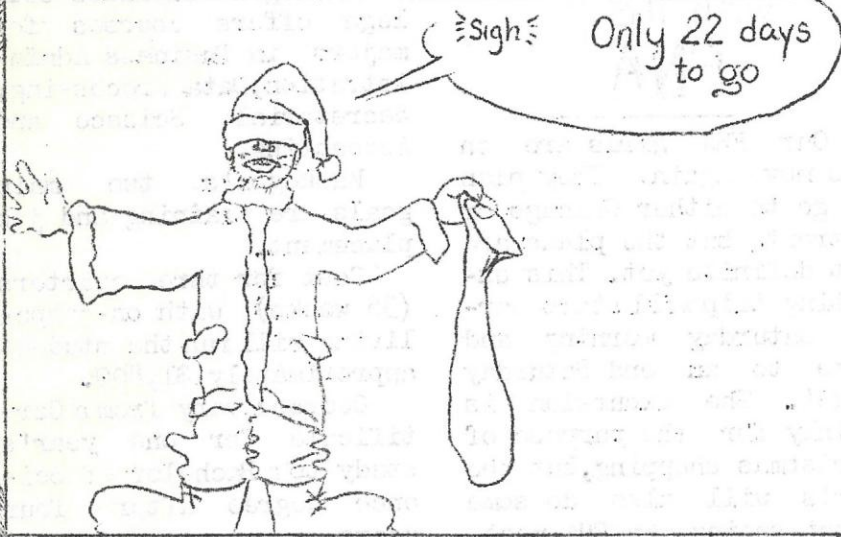

Thurs. Dec. 9 - Freshmen basketball with Montabella here 7:00

editorial:

HOLD THOSE SNOWBALLS

Well, fellow students, it is the snowy season again. That means many of us will be out riding snowmobiles, skiing, and doing all that fun stuff out in the snow. Besides that, throwing snowballs is fun. With all of this outdoor activity it will be very easy to see that the absence list will be filled for a few days until we get used to the idea of having snow again. Since no one can do anything about the intentional missing of school, you can at least use a little good judgment so you don't end up in the hospital with a bad case of the ague gotten from the "bitter cold" of these Western Michigan early snowfalls.

One toothy feature story:

THE TOOTH ABOUT DENTISTS

-Tm-

Tortures. Ancient Rome had its lions and colosseums. Medieval Europe had its Inquisitorial dungeons. But Twentieth Century Man has the supreme tormentor, the omnipotent distributor of dental discomfort, and the almighty pain in the mouth: the dentist.

Now don't get me wrong. I have nothing against the dentist personally. In fact, some of my best friends are dentists. It's just that once they put on their little white jackets, they turn into monsters whose only desire is to dive into my mouth and start pulling away at anything white.

I'll admit there are times when I feel I should go to the dentist---for little things like when a cavity hurts so much I cannot eat and I lose seventy pounds---but even then, I can rarely get hold of one. I call up the dentist's office, get the receptionist, and ask (beg?) for an appointment. She mumbles something about the year 1997. I ask for a date just a little bit sooner. She says 1980. I say 1962. She says 1976. I say 1969. She says 1972. I say December 6, 1971. "Sold!" she chirps.

December the sixth arrives and I descend into the dentist's waiting room (their offices seem to be either in murky basements or in musty attics, as if the architect were a hermit who never saw the outside of his cave). I sit cont on page 4 col.2

GIRL'S BASKETBALL AT PORTLAND

The Girls Basketball team suffered their third defeat, Wednesday, Nov. 24.

The J.V. team played a good defensive game and lost by only one point 23 to 22. High point getter for the night was Brenda Dishong. The varsity team was severely beaten 50 to 10. Val Sheler had high points.

"La Chatte" 1972: from a kitten to a cat

The preparation of the annual is a tremendous undertaking. The "La Chatte" of 1972 is being started with the Annual Staff busily working on the pictures and rough layout sheets.

The Annual Staff met Tuesday and Wednesday night after school to work on rough layouts of pictures for tentative pages. Layouts of classes and organizations are underway.

The staff is working hard to get a specified number of pages finished before the December 20 deadline. The "La Chatte" will contain some new, attractive, and original ideas which will make the 1972 annual the best ever.

ANNOUNCEMENT from Olivet

Phil Ball from Olivet College will be here Tuesday, December 7, at 10 a.m. to talk to all those interested in a small liberal arts college.

SPORTS

J.V.'s vs Yellow Jackets

Tuesday night our J.V. team went to Greenville to play an always tough Yellow Jacket team. We trailed throughout most of the game but were always within easy striking distance. Late in the fourth quarter we closed the gap to within one point with only twelve seconds to play. A Greenville player was fouled and sank his foul shot to give Greenville a two point lead. Lakeview was unable to score in the remaining seconds and Greenville escaped with a narrow two point margin to win. Dan Scott led the team through the game, acquiring 19 points in the game.

"Meet the Wildcats" (#1)

Monday, November 21, the Lakeview High School Basketball teams held their first "Meet the Wildcats." The program started off with the Freshman, Junior Varsity, and Varsity coaches introducing the players. The varsity then scrimmaged the Junior Varsity in a ten minute basketball game. The score ended in favor of the Varsity. After the program the cheerleaders served coffee and donuts in the Home Economics room.

Varsity vs. Yellow Jackets

Tuesday, November 30, the Lakeview Wildcats traveled to Greenville to play their first basketball game. The starting players for L.H.S. were: Mike Lindsey, Marty Morales. The Cats' shooting didn't seem to match up to their ability and they couldn't out-do the Jackets. The final score ended in the favor of Greenville, 78-62. High point men for L.H.S. were: Lutterloh with 19, Lindsey with 12, and Anderson with 9. The Wildcats will travel to Portland tonight for their first league game.

Girl's Basketball: at Carson City - Crystal

The Girls Basketball team traveled to Carson City - Crystal Wednesday night only to suffer their fifth straight defeat.

The J.V.'s lead but Brenda Dishong bowed to Carson at the score of 28 to 10.

The varsity squad was never really in the game. Their score was 104 to 9. High point girl for the varsity was Val Sheler.

Meeting:

Student Council

The Student Council has been meeting to discuss the dances after the basketball games. If your group wants to sponsor a dance, you'll have to get it set up through your Student Council representative. It's important that your representative attends all the meetings. The Student Council is also planning some assemblies that we will all enjoy. If you have any suggestions for an assembly contact your representative so he can take your idea to a meeting.

FEATURE STORY cont. pg. 2
down on a solid-oak, sure-to-give-your-back-the-biggest-cramp-you-ever-felt type chair, which is a "Must" for any well-equipped dentist's waiting room. After I wait about an hour, the dentist peeks out of his waiting room with a sly grin and says, "Do come in!" I can't help noticing that his eye teeth are a bit sharper than they should be, and that his voice is undertoned in a Slavic accent (I'm sure I'd have passed out if he had added "Yas, into my la-BOHR-atory!").

Before I have a chance to dwell on the matter, he leads me to the operating chair and wanders away, leaving me to worry about my impending fate. The wall-size picture of a serene setting in front of me is supposed to put my mind at ease, but I can see the kick marks and blood spots along its bottom!

The dentist pops back in, starts glaring in my mouth, and spies the tooth with the cavity. I wouldn't think much about this, but when he sees the cavity, his eyes light up and he breaks into some ancient dance. He then gets a huge needle coated with some ungodly fluid to make my mouth go to sleep, and stabs the inside of my mouth with it. Then he leaves again, probably to put dimmer lights in the waiting room to make things look even gloomier.

By the time he gets back, the numbness has worn off so he can have the added sadistic pleasure of watching me twist in agony as he grinds away at the infected tooth. As if
(cont. next column)

this isn't enough, he then proceeds to empty his entire bench of instruments into my mouth, then adds a cotton swab or two, and finally throws in a cold air hose, which manages to lodge itself nicely at the root of my tongue.

Among all this hardware, he is able to plop a glob of steaming silver on the infected tooth, making certain that it lands directly on a nerve. I doubt the Medieval dungeons had anything to compete with this, and I'd rather stick it out with those lions in the colosseum any day.

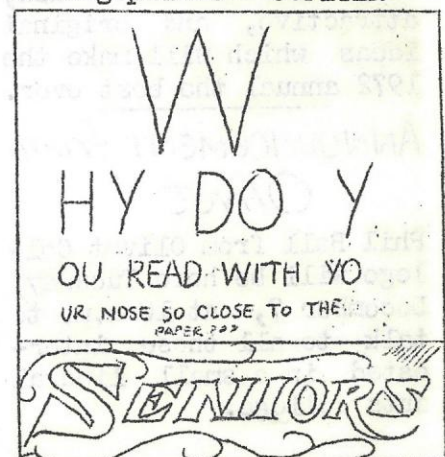

The operation is done. He tilts my head forward to dislodge his equipment and points me toward the door with a slap on my back and the little farewell, "Now that wasn't so bad, was it? Heh-heh." He can laugh. He'll never have to go through the torture of his own making because dentists aren't human-- they're all born with false teeth.

F.B.L.A.: Decisions, Decisions, Decisions, Decisions, Decisions

In the past month FBLA has been very busy deciding on many things such as how to raise money, when to have a Pot Luck Dessert and installation of officers, and whether or not to stay over night in Traverse City when they go for their Convention in April.

Well, they decided to raise money by selling Wildcat balloons, stationary which consists of Smiles, Hot Pants, and Thoughts of Love, and also by selling candy at the candy stand.

Their Pot Luck Dessert, with installation of officers and initiation of new members, is going to be on Tuesday, January 18, 1972. They agreed upon inviting all the Businessmen in Lakeview, the Board of Education, and charter officers.

Finally, they all agreed on staying over night in Traverse City in April. That agreement brought many smiles to many faces!

Keep a look out for Wildcat balloons; and if you're low on stationary, FBLA may be of some service to you!

MR. FORD WANTS YOU TO

KEEP L.H.S. CLEAN!!

Did Santa Claus Get Your Letter?

Have you ever wanted to write a letter to Santa Claus? Well now's your big chance. The Honor's Algebra I class, under direction of Mr. Jonaitis, is having a contest for the best letter to Santa. The rules are as follows:

1. Anyone in grades 9-12 can enter.
2. No limit to amount of letters by one person.
3. Entries must be one side of the paper only.
4. Name of enterer must be on the back side of entry. NO NICKNAMES.
5. Letter should be humorous.
6. Original letters only.

The best letters will be posted before the winner is announced. The winner will be awarded a surprise prize. Just place your letter in the mailbox by the snowman in front of room #206. You have from the 14th to the 22nd to write the letters.

GOOD LUCK!

Snowmobile Safety Courses

There will be a driving and machine safety course behind the Montcalm County Jail on Saturday, Dec. 11 from 12 noon to 6 p.m.

There will be a trophy given for the high point man or woman over all, obstacle course, machine and equipment inspection, and verbal snowmobile test.

The safety course will be given by Montcalm County Sheriff Snowmobile Rescue Patrol under the supervision of Sheriff Tom Barnwell and Sgt. Dan Walcutt.

All Montcalm County snowmobilers and their friends are welcome.

Tues. Dec. 12, Varsity BB at Montabella 6:30

Wed. Dec. 13, Wrestling with Carson City H

Thurs. Dec. 14, Freshman BB at Big Rapids 7:00

Fri. Dec. 15, Varsity BB at Big Rapids 6:30

Editorial:

Follow A

Different Drummer

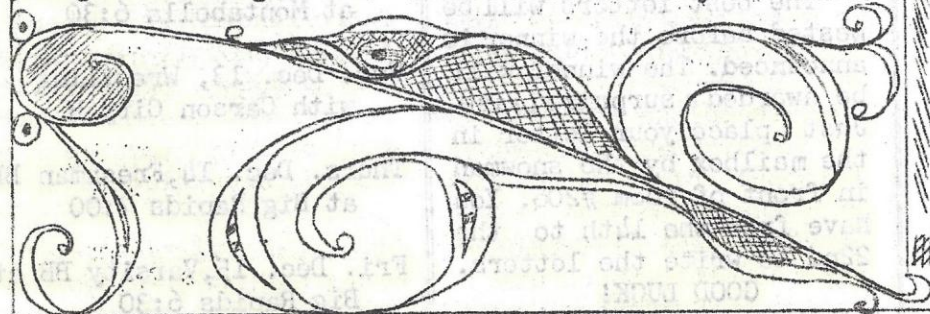

"If a man does not keep pace with his companions, perhaps it is because he hears a different drummer. Let him step to the music which he hears, however measured or far away."

These are the words of Henry David Thoreau. Thoreau was a writer who wrote about people of his times. After reading his words, how many of us can say that we follow a different drummer? How many of us today are really ourselves? How many times do you find yourself doing or saying something that you really don't believe in but you're afraid to show you don't?

Too many times we get ourselves into trouble by "following the crowd." For some people, it's a fine thing to follow the crowd. For people with a weak character or for people who are afraid to grow up and stand on their own feet, it's great. There they are among a crowd of people and they never have to worry about not having anything to do or say, because all they have to do is what everyone else does. Simple? Yes. The right thing to do? Rarely. You don't have to be a "follower." You can be a leader. All you have to do is listen for your drummer, catch the beat, and stand on your own two feet. You will probably live a happier life.

DO YOU HAVE THE CHRISTMAS SPIRIT?

The Christmas season is here at last. How many of you have begun your shopping; how many are finished? It seems almost every evening there is some Christmas special on television. Everyone is supposedly getting in the Christmas spirit. Yet, I walked into Study Hall yesterday and what to my wondering eyes should appear? Two guys beating each other on the floor! Ha! Ha! You laugh. I laughed too. But when I started to think about it, it kind of bothered me. How many others in school haven't got the Christmas spirit yet? Take a good look at yourself and if you're not wearing a Christmas look, practice in front of the mirror until you get the hang of it. It's not as hard as you think.

feature story: Annual Staff goes picture-patter

Click goes a camera! You see the light from a flashbulb, and you can make a rather educated guess that an Annual Staff Member has just taken a candid picture! It most probably was a picture of you.

The Annual Staff is beginning to work on the 1972 La Chatte. (For those of you non-French students, the name of the Annual is "The Cat"). The Annual Staff held several bake sales to raise money for a camera. As you got fatter from eating caramel apples, the Annual Staff got their camera!

At one of the first Annual Staff meetings, the staff members chose the cover for the 1972 annual. After asking the gentleman from the publishing company to show the members his assortment of 15 covers about three times, the staff chose a green cover decorated with 1972! (This choice pleased the seniors since their color is GREEN.)

Now the staff is beginning to work on the rough layout. (It's a good thing they are called rough!) A staff member takes a layout sheet and puts it in his locker with the intentions of taking it home to work on it. However, unknown to that staff member, it gets lost or badly wrinkled in the locker. (The wrinkles must have been his locker partners fault!)

The wrinkled layout sheet is taken home; then the staff member starts to decide how large the candid and group pictures of his particular club will

cont. on page 4 col. 1

SPORTS:

Cats against
Portland

Friday December 3, the Lakeview Wildcats traveled down to Portland where they fell victims to a hard-pressing, hot-shooting team of Red Raiders, 81-66.

The Cats started slow, as they did in the first game against Greenville, and fell behind by as many as 12 points in the early going. They began a surge near the end of the first quarter that brought them within 5. The second stanza found more trouble for the Cats, as they were troubled by cold shooting and turnovers. Portland went to the locker room with an 11 point lead. At the start of the second half, Lakeview played the way they are capable of playing, as they narrowed the gap to 3 points 45-42. Then the roof fell in as Portland poured on the steam and Lakeview retreated back to its first half enemy, the turnover. The game ended in a non-exciting fashion as Portland maintained a large lead throughout the remainder of the game.

Leading scorers for Lakeview were Raul Morales with 20, Kelvin Lutterloh with 16, and Marty Morales with 10. Lutterloh lead the Cats in rebounding with 11; Dave Andresen had 10.

The Wildcats will open their home season this Friday against the Carson City-Crystal Eagles. The J.V. game begins at 7:00.

GIRL'S BASKETBALL

at PORTLAND

The Girls Basketball team traveled to Portland last Monday night to meet an always tough Portland team.

The JV's team fell to a 29 to 4 defeat with Becky Nelson making two points and Nancy Jeppe making two points.

The Varsity game was a little different than usual. The first half ended 57 to 2, with all the girls with long faces. But as the second half started something came over the Lakeview girls. It was a completely new ball game. When asking one of the team members what happened "We learned to smile and keep our heads up."

The score ended with Portland leading 71 to 16. A well fought game was displayed by our team. The scores were made by:

Marilyn Main-8 points

Val Sheler-8 points

Cheerleaders are still
Working

The cheerleaders have been working very hard to get their basketball cheers ready for the new season. The Varsity and J.V.'s both have new "line-up" cheers. A pom-pom routine was presented to the student body earlier in the year at a football pep assembly. This routine will be presented to the public this Friday night.

The cheerleaders will have a cake raffle at the game Friday night. It will be a project to raise money. The girls will sell tickets at the door for ten cents apiece. Everyone, come to the game and buy a ticket! Try your luck and hope you win!

WRESTLING:

Bout with Vestaburg

The first official Wrestling match held at Lakeview took place Monday night in the High School gym. Lakeview started off strong by winning all four reserve matches. Andy Marshall won on a decision 7-2 and Jon Crandall, Dave Whitmore, and Bill McLaughlin all pinned their opponents.

At 6:30 the Varsity match began. Andy Marshall, 98 lb., gained 6 points for Lakeview on a forfeit. Then Felix Perez, 105 lb., pinned his man, and Dennis Smith, 112 lb., won on a decision, 20-10, to boost the score to 16 to 0 in favor of Lakeview. Vestaburg took the next four matches on pins and shot out in front, 24-16.

Lakeview then came back with a pin by Marty Marshall, 145 lb., followed with a pin by Phil Temple, 155 lb. Denny Fankhauser then came through with the fastest pin of the night. 42 seconds, to give Lakeview the lead, 34-24.

But the comeback was futile as Vestaburg took the next two matches to win 36-34.

JV's battle with
Portland

The J.V. basketball team was defeated by Portland last Friday night. The Kittens were led by Craig Brown with 20 points and 17 rebounds. Griffith had 8 points and Scott had 6. Wilson and Farrel both had 8 rebounds each. The game ended with the score 53-46.

cont. from pg.2 col.3

be. After changing his mind several times, the annual staffer decides on picture size, but it is rather hard to tell exactly which lines are correct because of the eraser smudges!

A while ago, the Annual Staff had to supervise the taking of group and club pictures. If you are like the average person, you had a band, choir, FHA, or some other costume to wear for group pictures. This meant a change of clothes for you before you had other club pictures taken.

The Annual Staff is working hard to make the 1972 better than ever. Start saving money, because everyone likes to see his picture in the Annual! Beware of the Annual Staff member armed with a camera in hand; those candid can be murder!

Be SAFE with your Snow Machine

To operate your snowmobile safely you should check your machine for signs of belt wear which could cause an accident. The signs you are looking for are worn or frayed belts.

You should check all wiring before the beginning of winter and every time you take it out for a ride. Before any safari you should make sure that you have a first-aid kit, extra spark plugs and a wrench, enough clothing to keep you warm, plenty of gas, any tools you might need for minor breakdowns and a thermos of hot coffee.

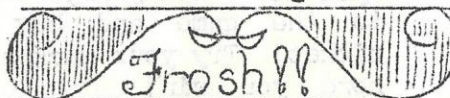

Ho-Ho-Ho
15 days to go

MATH-SCIENCE CLUB

On Friday, November 19, the Math-Science Club met for the first time on a Friday night. The subject was music and was presented by Marcia Frandsen. Miss Frandsen explained to the members how the musical scale was formed and some notes have a faster vibrating speed, thus giving a different level of tone. She also told how the piano operates using a working model.

On Friday, December 3, another meeting was held by the Math-Science Club. This meeting had the subject of light refraction and was presented by Mark Bunce and James Middleton. Using some prisms, they focused a spectrum on a sheet of white paper. Then they showed how different colored papers absorb different light waves. They then repeated the demonstration using filters.

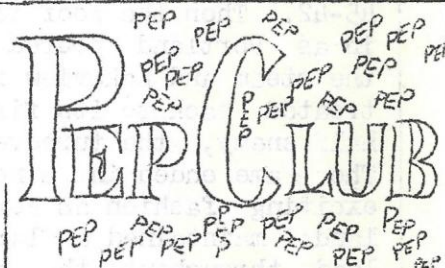

freshman Basketball

The Freshman Basketball team evened its record last week with a 60-28 trouncing of the Carson City-Crystal Frosh.

The young Wildcats started slowly and went to the shower room with a slim 18-14 lead. But then they showed their real talent as they came out and outscored 42-14 in the second half.

Coach Jonaitis was pleased with his team's performance and made this comment: "After playing a poor first half the boys decided to play ball. We still need a lot of work both offensively and defensively, but if we continue our hustle we should be in pretty good shape."

Leading scorers for Lakeview were Jim Andresen 18, Rich Bowser 16, and Scott Jura 14. Bowser was the top rebounder with 24; Jura followed with 11.

The pep Club has been busy making pep signs and are getting ready for Christmas. They are buying a Christmas tree to put in the student lounge.

G.A.A. to Sponsor Dance

This Friday night after the Carson City-Crystal game the GAA is sponsoring a dance. Price of getting into the dance will be 50¢ stag, 75¢ drag. Come and dance your heart away.

Journalism Gets a Chance

When you looked at the paper today did you by any chance notice a change in the staff box? You should have. The Journalism Class, with Alan Bennett as editor, wrote up and produced this week's paper. This project was run primarily to give the class experience in newspaper publication. So far, the class has been working mainly on separate parts of the paper. The year was started off with some tips from Mrs. Hachman on how to make a newspaper more interesting.

Then they began writing different types of stories such as straight news stories, feature stories, sports stories, and then editorials. Then the class started working on other aspects of the newspaper such as getting an interview, reporting on an event, writing headlines, and setting up and laying out pages have been covered in the class during the past 16 weeks.

Now the class is getting their chance to put a paper together the way they have been taught.

The Journalism Class would appreciate knowing criticisms and commendations on their efforts.

If you are interested in this class, see a counselor. It's an English credit and meets 4th hour.

BAND PRESENTS CONCERT

The L.H.S. band performed their Winter Band Concert last night in the high school cafetorium. They have been practicing everyday since football season in band and at noon hours.

Songs that the band played were "Burst of Flame", "Born Free", "A Westchester Overture", "March of the Toys", "March of the Magnificent", "Promenade in Swingtime", and "Joy to the World".

Since "Charleston" was the band's favorite song during the football season, they played it again last night. Genny Towne directed the band for this march while the baton twirlers showed the routine they made up.

For "The Thunderer", Mr. Powell had a person or persons from each section play a certain part to show the contrasting music in the march. To get every one in a Christmas mood, they ended the concert with "A Merry Christmas".

After Christmas vacation the band will be preparing for Solo and Ensemble Festival.

AGE OF MAJORITY: *Rights & Responsibilities* *Mistletoe*

In a little over a week from now, 2/3 of the Senior body will have the same privileges as adults 21 or older.

The following are the laws for the State of Michigan:

(1) Persons 18 and older will be able to sign contracts for the purchase of goods and services and will be held legally responsible for meeting the terms of payment. Under present law, contracts of minors are voidable at the minors option.

(2) Present civil law proceedings require a person under age 21 to have a guardian initiate civil action for him. However, a defendant under age 21 in a civil proceeding has no guardian requirement. The new law will allow 18-20 year olds to engage in civil proceedings without a guardian.

(3) The lowered age of majority will enable persons age 18 or older to make their own wills, leaving their possession to whom ever they desire.

(4) Persons 18 or older will be able to receive an inheritance and dispose of it at their own discretion.

(5) 18-20 year olds will be able to purchase or sell a home or obtain a mortgage under their own name, without obtaining an adult to hold the title.

(6) Should medical treatment or surgery be required persons age 18 and older will be able to enter a hospital, give permission and receive treatment without parental consent. They may also, without parental consent, voluntarily commit themselves to a mental hospital for treatment. (Continued page 6 column 2)

Christmas just wouldn't be Christmas without mistletoe.

The ancient custom of kissing under the mistletoe (which is one of the most pleasant customs I can think of) was started after the idea that mistletoe was a prevention and cure for a wide variety of illnesses.

Mistletoe, considered an emblem of peace by early Romans, gave way to the happier idea that mistletoe was the right prescription for kissing during the holiday season. Of course, this makes mistletoe an object of interest and one of the most widely used traditions at Christmas time.

There's always this problem of someone standing under the mistletoe more than their share, unless that someone is a species of the opposite sex, which of course poses no problem at all! When you finally get your turn under the mistletoe, in walks the ugliest, well, you know what, and heads straight for you. When, of course you then remember a previous engagement!

When asking a friends opinion of mistletoe his opinion was "I'd like standing underneath it if Raquel Welsh was standing there!"

Wrestlers Win FIRST League Match

Wednesday night, December 15, the Lakeview wrestlers met Carson-City at Lakeview. What followed was a hard fought match which ended with Lakeview the victors 30 to 24. Though the results listed below may not seem exciting to a person ignorant to the thrill of a match, the spectators who attended were kept on the edge of their seats throughout the match, and afterward many were seen trying to straighten hopelessly ripped and wrinkled programs.

Some outstanding individual efforts were made Wednesday. Felix Perez pinned his man in 1:44 and Dave Warner decisoned a wrestler who weighed about 75 lbs more than him. Dave's match was the most exciting match of the night.

and had everyone from Lakeview standing and yelling for almost the entire six minutes.

98 Andy Marshall won on a forfeit

105 Felix Perez pinned Gary Howard 1:44

112 Den Smith won on a forfeit

HWT Dave Warner dec. Dan Kohager 5-3

FROSH
Do It Again

Thursday, December 9, The Lakeview Freshman basketball team defeated Montabella's Freshmen, 50-37.

Rich Bowser led Lakeview with 25 points and 23 rebounds, while Jim Andreson had 15 points and 12 rebounds. Dave Nielsen collected 7 rebounds. Montabella's offence was stifled by a good defense. The freshman's record is now 2-1.

CATS Met
Trouble Head
on

A 27 point fourth quarter spelled doom for the Lakeview Wildcats Friday, as they were defeated at Big Rapids, 75-59. The Cardinals took the lead early in the first quarter 12-2, but the Wildcats came back to end the period trailing 18-11. Both teams had a cold second period and the half-time score was Big Rapids-31, Lakeview-25. The Wildcats found the hoop for 22 points in the third quarter to trail, 48-47, going into the final period. This quarter turned out to be all Cardinals as they pumped in 27 points to the Wildcats 12, making the final score 75-59, Big Rapids favor. Leading scorers for the "Cats" were Marty Morales with 17 while Raul had 14 and Kelvin Lutterloh with 11.

The Kittens won their game 70-56 over the Cardinal JV's.

Girls on way to RECOVERY

The Girls Basketball Team went up against Saranac Monday, determined to do their best.

The JV's went on the floor at 6:30, only to meet some pretty tough Redskins. Lakeview led the whole first quarter with a score of 7-4, but Saranac broke through our defence in the second quarter to gain a lead that they kept throughout the game. The final score was 30-17 Saranac's favor.

The Varsity did a lot better than they have been doing. The Wildcats led through the first half but at the end of the third quarter the score was 13-13. The Redskins pulled ahead and wound up the game with a score of 21-13, their favor.

Coach Pierce commented, "The girls are doing better now if they just wouldn't pay so much attention to the score."

MR. COON'S CORNER

When we asked Mr. Coon if he is planning to do anymore plays or operettas, he replied that in May, he is planning to do "Mame." Also, a summer play in June, entitled "Mr. Roberts", and a summer operetta entitled "Man of La Mancha."

Mr. Coon also added that the Theater Arts and Play Production Class will be sponsoring a Michigan State University show in March.

The concert choir class will be performing in a Christmas Program at an assemble, December 22. Mr. Coon also added that he is planning a spring concert of some sort.

Dear Santa
My NAME is Kathi
and I am 4 years old
I have been a real
good girl all year so
that U would com to my
house, Chrietmas Eve. For
Chrietmas would U bring
me a shiny new sled, a
blue teddy bear with white
arms, legz, and ears and some
new booke like Pinocchio or
the Three Bears or some
thing like that? I would
like it even better if
you would bring me
easy bake oven, a new
bike and lots of pepper-
mint candy,
KK

Lvr
Kathi

Merry

Christmas

Watch it!
Mistletoe's more dangerous
than poison ivy!

Twice The Day Before Christmas

Twas the Day before Christmas,
and all through the school,
Not a person was studying,
not even that guy so cool.

All the students were sitting,
and listening with care,
In high, high hopes that,
3:00 would soon get there.

While visions of Dear Uncle Ed,
danced in their heads,
Anabel in her coat, and me in my cap,
had just settled down,
For Scott's boring class.

Then out in the halls,
we heard such a clatter,
I jumped, but couldn't see,
what was the matter.

I slammed my book shut,
and opened the door up,
And what to my wondering eyes should appear?
Mr. Ford riding a reindeer.

A little old driver, so
lively and quick;
I knew in a moment, it
must be St. Ford.

And more rapid than eagles,
his harsh words on came,
As he shouted, get out of here,
To each students brain.

Down the hall he came,
with a leap and a bound,
He was dressed all in black,
and his belly was round.

He spoke not a word,
but went right to his work,
And filled all of our brains,
and then turned with a jerk.

When laying his finger aside of his nose,
and giving a nod,
Down the hall he goes,
But I heard him exclaim,
As we left from the school;

MERRY CHRISTMAS TO ALL, SEE YOU ALL HERE NEXT YEAR YOU
FOOLS!

J. C. J.

Christmas Is...

Christmas is December 25,
Christmas is presents and
gifts,
Christmas is hearing the
Reindeer pause.
Christmas is Santa Claus

Christmas is watching the
snow fall,
Christmas is having a ball
Christmas is a Christmas
tree,
Christmas is You and Me.

Christmas is snowball
fights,
Christmas is all the bright
lights.
Christmas is singing carols
bright and gay,
Christmas is riding in the
old sleigh.

Christmas is near and far,
Christmas is like a guiding
star,
Christmas is every year,
Christmas is coming near.

Christmas is Jesus's birth,
Christmas is peace on earth.
A.M.

PHIL
GAGE

GIRLS KEEP SMILING

Added to Lakeview's "go-get-em" teams are the girls JV and Varsity basketball teams.

Other schools in Lakeview's league have had girls basketball for many years, but for Lakeview's girls, this is their first season. The girls have had many practices but lack the needed experience. As yet, neither team has won a game, but as Coach, Miss Pierce explained, "They have learned to keep their heads up and stay smiling."

Members of the Wildcats are:

GIRLS JV

Brenda Ridgeway
Kathy Sorensen
Judy Painter
Becky Nelson
Nancy Jeppsen
Brenda Dishong
Becky Dietrick

GIRLS VARSITY

Val Sheler
Andy Nielsen
Dureen Moore
Deb Medler
Marilyn Main
Becky Jeppsen
Gale Cogswell

CATS CRUSHEAGES

Friday night, December 10, the Lakeview Wildcats hosted the Eagles of Carson City. Carson had been picked to win by the Greenville paper, but that bit of glory was all they were to receive as the Wildcats, led by Raul Morales proceeded to crush them 82-66. Raul was the leading scorer with 33 points. Kelvin Lutterloh was leading rebounder.

Cont'd. from pg. 2, col. 2

Presently, a minor employee injured on the job must have a guardian file his claim for workman's compensation. Under the lowered age of majority, persons age 18 or older may file their own claims for compensation.

(8) 18-20 year olds will be eligible for appointment as a notary public.

(9) Persons 18 and older will be allowed to purchase, possess, and consume alcoholic beverages. They will also be liable for criminal charges should they provide alcohol to persons under age 18.

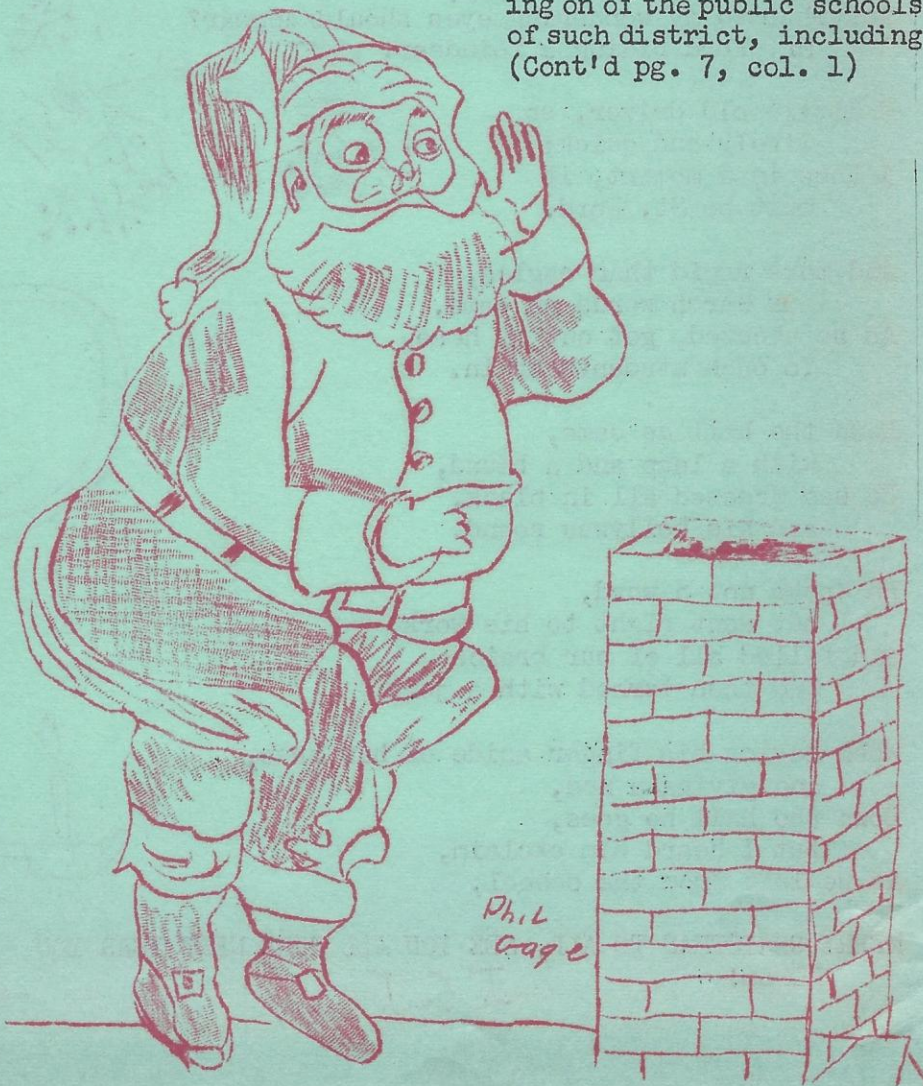

(10) Many other rights

will be extended to 18 year olds, including driving a school bus, purchasing cigarettes, possessing and using a BB handgun and engaging in pari-mutual wagering at horse races.

These have been the laws governing the "Age of Majority Act" for the State of Michigan but how is it going to effect your school life? For the answer--READ ON!!

According to the Michigan School Laws, Sec. 340.614, M.S.L. 15.3614 it states:

"Every board shall have authority to make reasonable rules and regulations relative to anything whatever necessary for the proper establishment, maintenance, management and carrying on of the public schools of such district, including (Cont'd pg. 7, col. 1)

Cont. from pg. 6, col. 3

regulations relative to the conduct of pupils concerning their own safety while in attendance at school or en-route to and from school." In accordance the following rules and regulations shall be in effect at present for students 18 or older attending Lakeview High School.

EXCUSES: A student upon reaching the age of majority and wishing to assume full responsibility for his report card, attendance and other school related activities, must notify the proper school authorities in writing of his desires. (After reaching your 18-20 birthday you can request that no reports be sent to your parents or guardians on grades and attendance). "All requests will be honored if, in writing."

Eighteen year olds will have the right to write his or her own excuse, or just tell someone in the office why you were absent.

BUSES AND BUSING: With permission from a school authority, adults (18-20) can change to different buses if they so desire.

SCHOOL: Persons 18 and older will now have the right to change schools without a guardians consent if they follow certain criteria, such as living in Edmore to go to Montebella or Greenville to go to Greenville.

DRINKING AND SCHOOL: Persons 18 and older are still reminded that this school system is under a closer campus policy, therefore:

(1). Any person caught up-town, in a bar or otherwise, during school hours, will be dealt with for be-

ing off campus, during school hours.

(2). The school will not use the odor of alcohol as a reason to ask you to leave the school.

School officials can make any student, who's been drinking leave if, he or she is distracting others or making a nuisance of himself.

(3). When asked if 18-20 year olds could have alcohol in their cars, Mr. Ford had this to say: "Legally there is nothing we can do about possession except in the following cases:

As part of school policy, possession of alcohol will not be allowed in school, on school grounds or at school sponsored activities."

TOBACCO: No person shall be allowed to smoke at school functions, even those held away from the school. Students shall, however, be allowed to carry tobacco products on their persons, providing they are at least 18 years of age.

Today when you leave you will still be a teenager, but when you come back on Monday 2/3 of you will be adults. You will have full adult privileges three years before anyone else has ever had in this state. Do you think your old enough to take the responsibility of an adult? Are you going to mistreat your rights or are you going to respect them? Don't forget, people (35-up) are still going to think of you as teenagers not adults. In some of their eyes you will still be labelled as an irresponsible group of persons who could care less what happens to anyone. So it's up to you to prove

to them that your just as responsible, and level-headed as they are. Second, its the teenagers who are looking for change and reform in this world. Well, just because you are an adult, you still have the same feelings you've had, so go looking for change and reform, remember-you can run for county, city, and township offices, including mayor, clerk, sheriff, treasurer etc., etc.. If you don't like the laws get involved try to change them. Remember the 26th Amendment is not just the right to drink.

It has been a long, uphill battle to extend to 18 year olds the full rights and responsibilities of adulthood, but many believe in the intelligence, motivation and concern of our youth.

If you're 18 to 21, stand up and be counted in the way that counts most. Register to vote and thoughtfully and intelligently exercise that right. T.S.

HAPPY NEW YEAR

ARE YOU Always This MESSY?

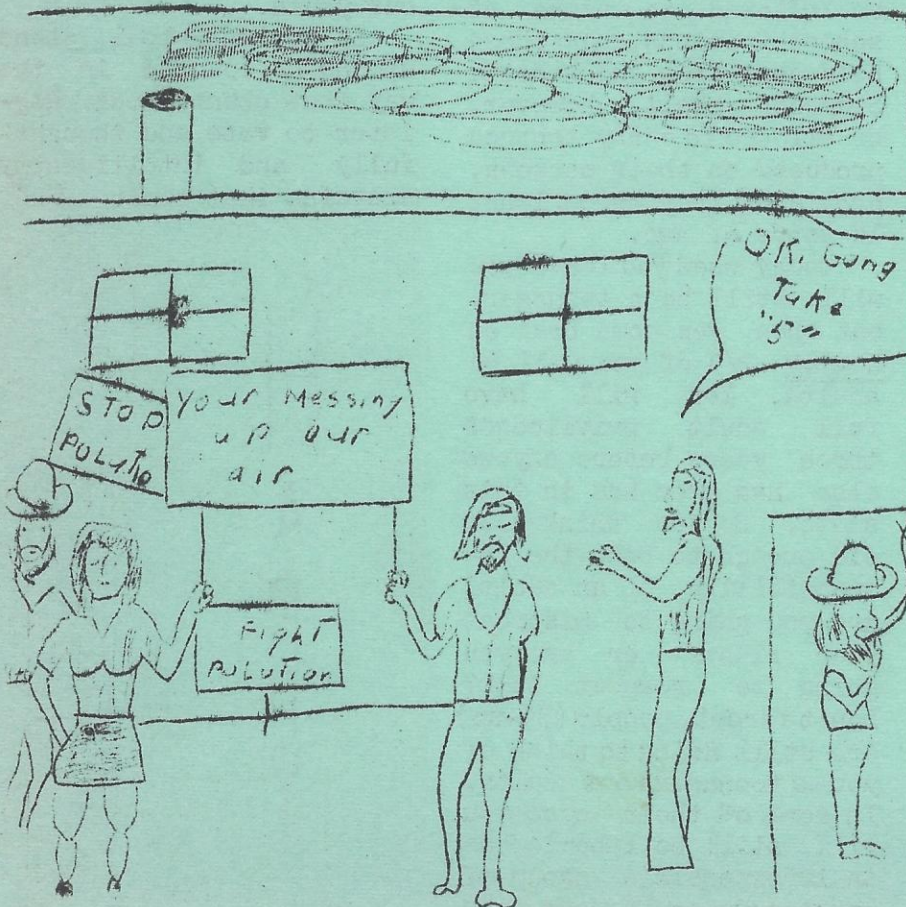

Have you noticed how messy this school is? There's lunch trays, pop cans, candy bar wrappers, and all sorts of other papers laying all over the halls and in the cafatorium. If you shut your eyes you don't see all this garbage laying around, but if you would open your eyes for just a few seconds and look around, you'd wonder what kind of students go to this school.

Think of it from the janitor's point of view. How would you like it if everyone just threw their junk all over the place because they knew he'd pick it up?

There is also a second point of view. This is that of the students from the other schools. If you visited their schools and saw their school messy you'd probably degrade the school. Well just reverse the situation and think what other students would think They'd probably down grade our school.

A third view is that of parents. Most students couldn't care less what their parents think, but let's stop and consider. Your parents would probably give you a headache by yelling at you if you were this messy at home.

So consider these points of view, don't you think we could help the janitors out and at the same time, make a good impression on other schools.

CHRISTMAS December 25

Christmas means parties and gifts, Santa Claus, mistletoe, and trees. It also means prayer, for it is the season of "Peace on earth", "good will toward men." Christians throughout the world unite in happiness on the birthday of Jesus Christ.

The Bible tells us that the Three Wise Men were led by the Star of Bethlehem to the manger where Jesus was born.

Each year during the Christmas season, thousands of Christians travel to Bethelhem. There, in the Church of the Nativity, they see a huge silver star on which is written, "Here, of the Virgin Mary, Jesus Christ was born."

The word Christmas comes from the early English phrase "Cristes Masse," meaning Mass of Christ. No one is sure of the exact date of Christ's birth. Until 354 A.D., people observed His birthday on many different days. But that year Bishop Liberius of Rome ordered the people to celebrate on December 25. Like many of the other dates selected by the Romans for holidays, this is the one which most people of the world celebrate.
